Guide to Completing Cancellation Waiver

Cancellation Waiver:

This form must be completed and then signed by the consumer if they agree that work may start before the cancellation period expires. This will allow you to receive reasonable payment for work carried out prior to cancellation.

Unless it is for an emergency, you might not, however, receive payment for goods ordered before the cancellation period expires regardless of this waiver being signed, unless the goods have been incorporated into land before the cancellation occurs. That is, installed or fixed to the consumers property.
