

We might also:

- ☀ help children cope when they are feeling angry or upset.
- ☀ talk with mums and dads about making homework fun.
- ☀ work with groups of children to make the playground a safer place.

The name of the EP for your school is:

Is What You say Kept Secret?

We will not talk to anyone about what you say unless:

- ☀ you say it's okay to tell.
- ☀ it is something very serious that adults need to know for your own safety.

FOR Children

Educational Psychology Service

As Educational Psychologists we visit all schools in Angus. Have you seen me in your school?

Sometimes boys and girls need help with how they learn and behave.

We will work with your teacher and with you.

We might look at your school work, give you games and puzzles and ask some questions.
