

Borrowfield Primary School – Parental Involvement

Borrowfield Primary School holds a drop-in session of an hour every Friday with a member of the School Management Team available. No appointment is necessary for these sessions.

The school sends out an annual questionnaire which asks three questions:

- What works well in school?
- What needs to be worked on in school?
- What three areas would you want the Parent Council to take forward?

Any arising developments are reported in the newsletter.

Last year there was a parent from every year group on the Parent Council which provided a good balance.

Parents support the school by running the Out of School club, supporting outings, running the Book Fair, helping in classrooms, and helping at musical shows and concerts. The School Council Members report to the Parent Council meeting and then they report back from the Parent Council to the School Council.
