

Liff Primary School Website

Liff Primary School's website is well developed, user friendly and includes current and up-to-date information. The website includes:

- an area specifically for parents and carers allowing the sharing of Parent Council information which keeps everyone up to date with current issues
- links to useful documents such as homework guides, class information booklets, questionnaires, the school handbook and the school improvement plan.
- school dates, times and newsletters
- downloadable forms such as medical consent forms and school uniform orders
- explanations of the curriculum at each primary stage, with links to national educational websites
- how learning and teaching takes place within class
- photographs displaying learning experiences as well as key activities and events happening throughout the school year
- a pre-school area with their own newsletters and photographs
- senior pupil involvement in the maintenance of 'School News'
- past successes celebrated
- the date of the last update and the next update are explicit so information is relevant and recent.

Parents feel well informed about what is happening in school and the staff is assured that parents have up to date information which has led to a decrease in incidences of mis-communication.

Staff and pupils continually look for ways to improve their site.
