APPENDIX 2A TO REPORT NO 257/16

Report 144/16 Appendix 1

Towns and villages to continue to receive food waste collection service

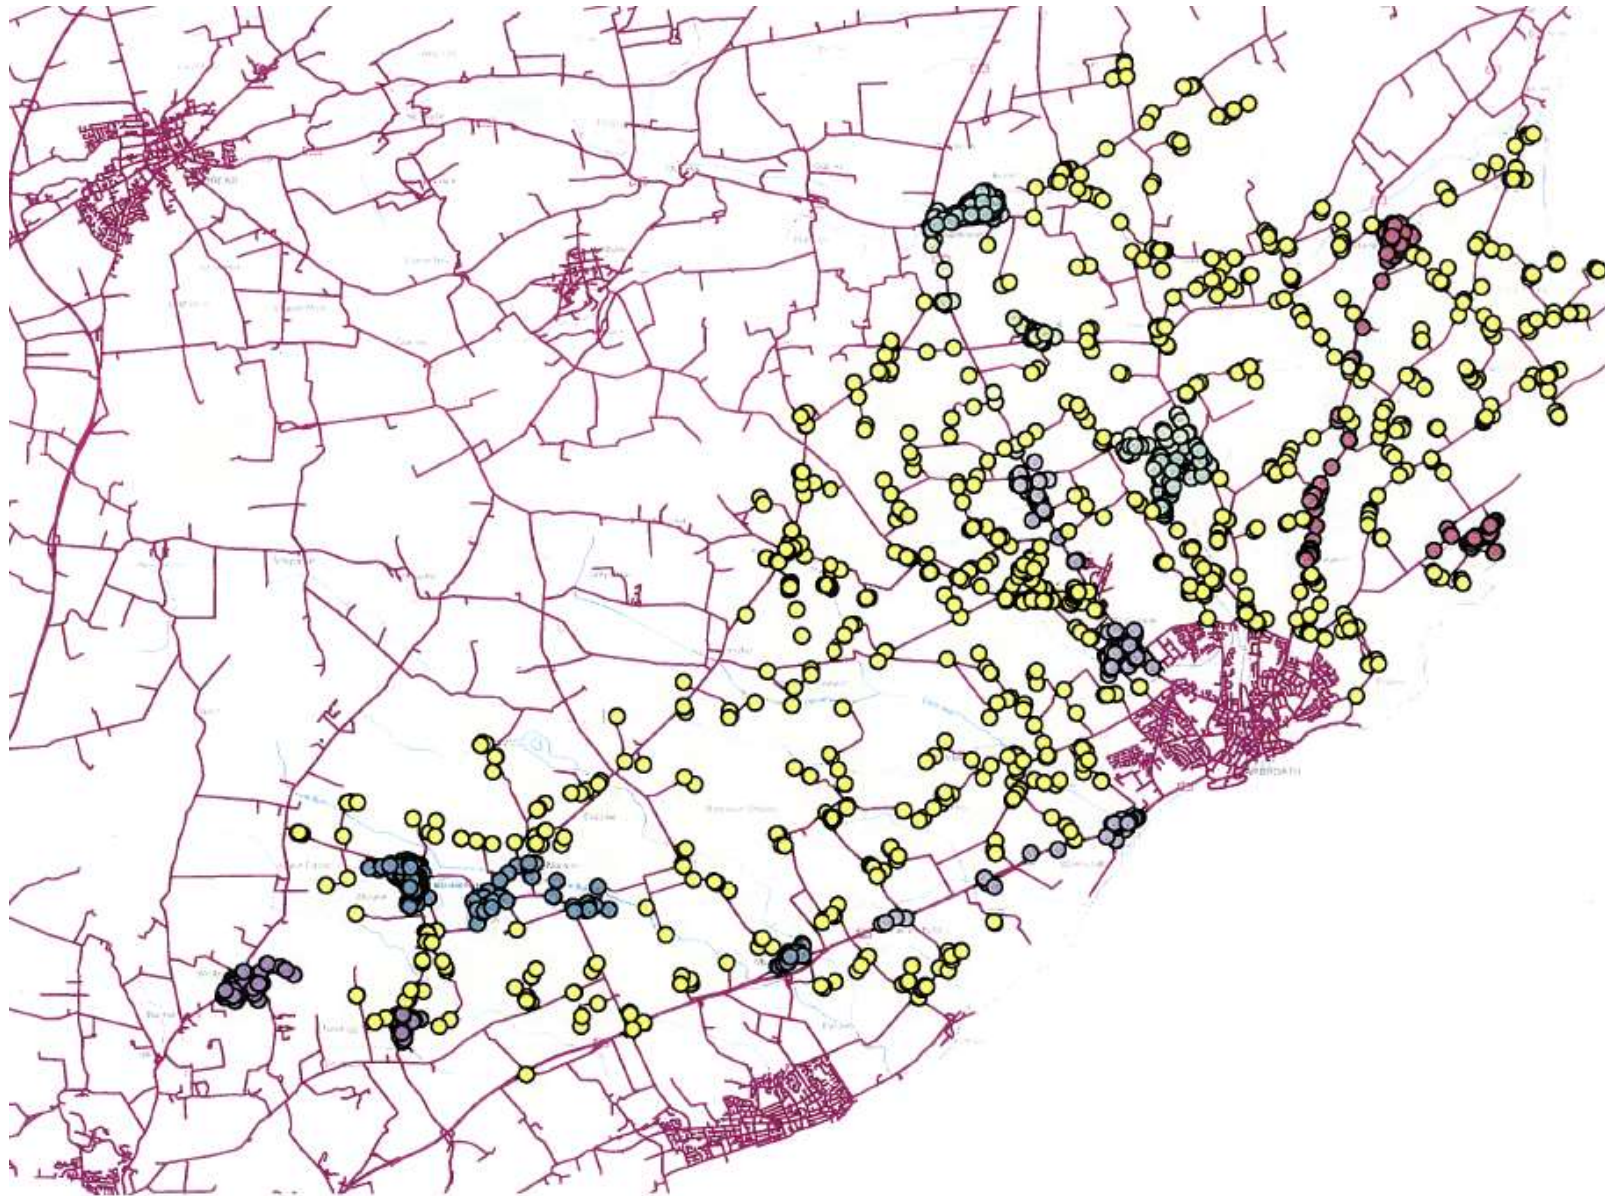

It is proposed that the food waste collection service is only provided to those households within towns and larger villages. It is estimated that this will result in the food waste service being withdrawn from approximately 3,500 households, a reduction of 7% in the number of properties serviced.

The food waste collection service would only be provided to the following towns and villages.
