**AGENDA ITEM NO 6**

**REPORT NO 282/16**

**ANGUS COUNCIL**

**COMMUNITIES COMMITTEE – 16 AUGUST 2016**

**CYCLING, WALKING AND SAFER STREETS FUND – PROGRAMME OF WORKS**

**REPORT BY HEAD OF PLANNING AND PLACE**

**ABSTRACT**

This report updates the Committee on the delivery of the programme of projects funded in 2015/16 through the Cycling, Walking and Safer Streets fund and seeks approval of the programme of projects to be funded during 2016/17.

**1. RECOMMENDATION**

It is recommended that the Committee:-

- (i) notes the programme of projects which was undertaken during 2015/16;
- (ii) approves the programme of projects to be undertaken during financial year 2016/17.

**2. ALIGNMENT TO THE ANGUS COMMUNITY PLAN/SINGLE OUTCOME AGREEMENT/COPORATE PLAN**

2.1 This report contributes to the following local outcomes contained within the Angus Community Plan and Single Outcome Agreement 2013-2016:

- Our communities are safe, secure and vibrant
- Our communities are developed in a sustainable manner
- Our natural and built environment is protected and enjoyed
- Our carbon footprint is reduced.

**3. BACKGROUND**

3.1 The Cycling, Walking, and Safer Streets (CWSS) fund is a ring-fenced capital grant and was established in 2001. The funding was initially set to run until 2011/12 however was extended for a further three years to end of 2014/15. Allocations have since been announced on an annual year by year basis. The allocation for 2016/17 is £128,000.

**4. CURRENT POSITION**

4.1 The programme of works to be undertaken in 2015/16 was approved by Committee on 26 May 2015 (report No. 209/15 refers). A summary of the projects undertaken during 2015/16 is attached to this report (see **Appendix 1**). A proportion of the funding was used to match an offer of funding for Sustrans' Community Links Programme and Transport Scotland's Smarter Choices Smarter Places Programme.

**5. PROPOSALS**

5.1 A summary of the proposed programme of projects to be undertaken in 2016/17 is also attached to this report (see **Appendix 2**). This summary gives an indication of the estimated

cost of each project although these are indicative only and may be subject to revision once more detailed designs are prepared.

- 5.2 A proportion of the CWSS funding for 2016/17 has been considered as match funding to secure additional grant monies that have been made available through Transport Scotland's Smarter Choices Smarter Places (SCSP). This grant is administered and supported by Paths for All. Angus was successful in its bid for £107,000 of which £22,000 is required through CWSS to contribute to the match funding. At present SCSP continues as a one-year funded programme and projects commence from 1 April 2016 with completion by 31 March 2017.
- 5.3 A further proportion of CWSS funding for 2016/17 has been considered as match funding to Sustrans' Community Links funding. It has been confirmed that Angus Council has been provisionally awarded £89,500 of which £90,000 is required from CWSS. This is also a one-year funded programme and projects must be completed by 31 March 2017.
- 5.4 The remaining projects were assessed against predetermined criteria to establish the extent to which they help meet strategic objectives, link with other walking and cycling initiatives and contribute to child safety, through for example, safer routes to schools. These assessments were undertaken by officers from the Communities and People's Directorates.
- 5.5 A set of plans showing the locations of the proposed projects is available in the Information Hub.

## **6. FINANCIAL IMPLICATIONS**

- 6.1 The ring-fenced capital grant allocation for 2016/17 is £128,000 and the programme of projects, as detailed in **Appendix 2**, will be contained within this allocation.
- 6.2 Any additional ongoing maintenance costs associated with these capital projects will require to be contained within future years revenue budgets of the directorates responsible for their upkeep.
- 6.3 The funding of CWSS projects will greatly assist the Council in meeting its aims and objectives contained in various strategies and full use will be made of the available location.

## **7. OTHER IMPLICATIONS**

### **Risks**

- 7.1 The risk to the Council of not approving and delivering a programme of projects is that the ring-fenced CWSS funding cannot be claimed from the Scottish Government.

**NOTE:** The background papers, as defined by Section 50D of the Local Government (Scotland) Act 1973 (other than any containing confidential or exempt information) which were relied on to any material extent in preparing the above report are:
