1. RECOMMENDATION(S)

It is recommended that the Committee:

- (i) agree the 2015/16 full year highlight report for the Angus Community Plan and Single Outcome Agreement 2013/16
- (ii) note that the report was submitted to the Angus Community Planning Partnership Board on 21 September 2016
- (iii) note that the report will be submitted to Scottish Government by the end of September 2016 for information.

2. ALIGNMENT TO THE ANGUS COMMUNITY PLAN/SINGLE OUTCOME AGREEMENT/COPORATE PLAN

This report directly relates to all of the local and national outcomes set out in the Angus Single Outcome Agreement.

3. BACKGROUND

The Community Plan and Single Outcome Agreement for 2013 to 2016 outlines the five priority areas that the community planning partnership has agreed to focus on to support the partnership vision:

‘Angus is a place where a first class quality of life can be enjoyed by all’

The plan also identifies the local outcomes which are based around the partnership’s five priorities to improve quality of life and opportunities for individuals, families and communities in Angus. They also contribute towards the Scottish Government’s national outcomes.

Guidance for the Community Empowerment (Scotland) Act stipulates that a Local Outcome Improvement Plan (LOIP) should be agreed by community planning partners by 1 October 2017. The Angus Community Plan and Single Outcome Agreement 2013/16 is therefore being extended for a transition period during which a LOIP is developed and consulted upon.

4. FINAL PERFORMANCE REPORT 2015/16

Full year progress reports for each of the five priorities have been produced and have been used to compile this highlight report. A selection of indicators are included in this report, where performance has either exceeded, or failed to meet target.

Detailed full year performance reports for the five priorities are available at <http://www.angus.gov.uk/ACPP> - 'What we are doing and achieving'.

Overall, the performance of the Angus Community Planning Partnership has been relatively positive with 61% of the indicators meeting or exceeding target.

5. FINANCIAL IMPLICATIONS
