JOINT INSPECTION OF SERVICES FOR OLDER PEOPLE

We have been advised that the Care Inspectorate and Health Improvement Scotland will be undertaking an inspection of services for older people in the Angus area. This inspection will examine services provided by Angus Council and NHS Tayside.

Initial information submissions were required by 26 March 2014, to provide background material for the inspection team.

The remaining inspection work will include reviewing the case files of 100 individuals, with some follow-up visits arising from these files. The inspection team will also survey all staff involved in services for older people and will arrange meetings with a variety of stakeholders and interest groups, including some elected members. The meetings with stakeholders etc will take place during the week commencing 23 June 2014.

The inspection work in Angus will be completed by the end of June 2014, and we expect to receive a final report by the end of September 2014.
