

**CASTLEGAIT
GLAMIS**

External finishes
(all to match those on phase 1, i.e.):
Slate to roofs
White, smooth render and natural stone to walls,
with timber feature panels
White windows and doors

- General Notes:**
- This drawing must be read in conjunction with all other drawings and specifications produced specifically for this project.
 - Any discrepancies found are to be brought to the attention of the building designer and/or Engineer at the earliest possible moment.
 - The contractor must check all sizes on site before proceeding with the works.
 - The Contractor will allow for all necessary precautions to be undertaken to satisfy HSE requirements, including ensuring all construction risks including the use of hazardous materials are fully assessed, clearly highlighted and adequate safety measures are put in place to ensure the safety of the workforce, client and public at all times.
 - Works shall be carried out in accordance with good building practices.
 - All works to comply with the Building(Scotland) Act 2003, the Building (Scotland) Regulations 2004 and all current amendments.
 - If in doubt, stop and ask.
 - The Contractor is to satisfy himself as to the location of all overhead and underground services on site prior to the commencement of works.
 - The Contractor is advised to expose all underground services by hand.
 - The Contractor is responsible for notifying the building designer of any services below or adjacent to the building footprint.
