## **Comments Received**

**COMMUNITIES, ENVIRONMENTAL & CONSUMER PROTECTION** submitted a Memorandum of Observation dated 23 July 2015.

The proposal is to include extending the hours of operation, providing off sales and increasing the range of activities (including karaoke and live performances) taking place within the premises. This division has concerns that due to the proximity of residential properties and the existence of an external seating area that the use of this external area should be restricted during live music events and karaoke to minimise the neighbouring properties being adversely affected by noise from such events.
