

## **Scrutiny and Audit Committee Report to Angus Council 2017/18**

### **Introduction**

An annual report from the Scrutiny & Audit Committee to Angus Council has been introduced to ensure compliance with guidance for audit committees issued by CIPFA. The guidance recommends that all audit committees should '*report regularly on their work, and at least annually report an assessment of their performance*'. (Audit Committees Practical Guidance for Local Authorities and Police, published by CIPFA in 2013.)

This report has been prepared to inform Angus Council of the work carried out by the Scrutiny and Audit Committee during the period April 2017 to March 2018. It also provides details of the committee's membership and attendance.

### **Scrutiny & Audit Committee remit**

The overall remit of the committee is to review all aspects of corporate governance, risk management and internal control, ensuring systematic appraisal of the council's control environment and framework to provide reasonable assurance of effective and efficient operations.

The committee reviewed its remit in June 2017 and agreed that the remit should be extended to include the scrutiny of AngusAlive and Angus Health and Social Care Integration Joint Board. The revised remit was approved by Council at its meeting on 19 October 2017.

During 2017/18 the Scrutiny and Audit committee fulfilled its remit through information it received from internal audit, external audit, other external scrutiny and inspection agencies, and assurances from management. Further detail is included in Appendix 1 which shows the full remit as detailed in Standing Orders, together with a summary of the work undertaken.

### **Self-assessment and action plan**

A self-assessment has been undertaken, using the Good Practice checklist and Evaluation of Effectiveness toolkit included as appendices to the Cipfa Audit Committees Guidance. The self-assessments confirmed a high level of compliance with the good practice principles and the effectiveness of the committee during 2017/18.

*Action plan to be discussed at facilitated meeting.*

## Membership and attendance

Membership of the committee is set out in Standing Orders: *'13 members with not less than 8 of those appointed being councillors who are not members of the Administration'*. The committee usually meets formally on six occasions during the financial year. An additional special meeting was called in February 2018 to approve a proposed change in the management arrangements for internal audit. All seven meetings were quorate (at least five members in attendance).

Representatives from External Audit, Police Scotland and Scottish Fire & Rescue Services attend meetings and speak to their reports.

## Training

A wide range of briefings and other training was offered to elected members during 2017/18. Topics of particular relevance to the Scrutiny & Audit committee included

- An overview of governance, audit and scrutiny as part of the induction programme in May 2017

- A Scrutiny & Audit workshop before the committee meeting in June 2017
- Treasury Management briefing
- Annual accounts briefing
- Risk and internal audit planning workshop
- Local Government Overview report workshop

## **Conclusion**

At its meeting in March 2018, the committee heard from the Audit Manager that there has been some slippage in delivering the 2017/18 internal audit plan, but the Manager expects the plan to be fully delivered by the end of the internal audit reporting year in June.

Three of the internal audit reviews resulted in only limited assurance over the controls.

- **GDPR Readiness, reported to committee in March 2018**  
Internal Audit noted that the limited assurance assessment "is in no way a criticism of those involved in the GDPR project but rather a reflection of the impact limited staffing resource has had on GDPR preparations". The report also noted that changes already planned by management should address some of the areas identified in the report. Additional actions have been agreed with management to address the remaining issues. Further work on GDPR will be undertaken by internal audit during 2018/19.
- **School Funds Governance (Primary Schools), reported to committee in August 2017**  
This audit was carried out in primary schools following the weak assessment of a similar audit in secondary schools in 2016. An action plan has been agreed with management to address the identified weaknesses. A follow-up audit has been included in the 2018/19 internal audit plan.
- **IT User Access Administration (Integra), reported to committee in April 2018**  
This audit sought to provide assurance that appropriate controls are in place to ensure the confidentiality, integrity and availability of the Integra finance system data. The review considered the adequacy of user access controls to ensure effective segregation of duties. Also, the weaknesses identified as enabling fraudulent activity in another local authority were considered as part of the review. The main issue giving rise to the limited assurance assessment related to two priority 1 actions about administrator access. An action plan has been agreed with management and the priority 1 actions are due to be completed in April 2018. Follow-up work will be undertaken later in 2018.

As convener of the Scrutiny & Audit Committee, I am satisfied that the work undertaken by the committee during 2017/18 provides reasonable assurance that the council’s control environment and governance framework operated effectively and efficiently during 2017/18. Actions have been put in place to address any weaknesses identified and the committee will continue to monitor completion of these actions.
