As a result of a failure by the developer to enter into a Planning Obligation within timescales prescribed by the Scottish Government, Ministers have now issued planning permission in principle subject to conditions including a condition requiring a Planning Obligation to be entered into prior to the commencement of development. Notice was received that Ministers had issued planning permission on 25 April 2018.</p>	Building Standards continue to regularly visit the site to ensure the buildings remain boarded/ blocked up however the site continues to be targeted by vandals. It is intended to leave the case open at this time until progress is made in respect of the redevelopment of the site.

16/00165	Land 125 Metres West of North Mains Croft Logie Kirriemuir	02.08.2016	The site has been cleared of vegetation and the ground levelled with a layer of rubble and crushed stone. 1 static and 1 touring caravan have been brought on to the site.	An Enforcement Notice was served on the landowner on 19 August 2016. The site owner submitted an appeal against the Enforcement Notice to the DPEA and submitted an application for retrospective Planning Permission (ref: 16/00738/FULL). The Reporter's decision on the Enforcement Notice was published on 23 November 2016. The Reporter allowed the appeal and corrected the terms of the notice to show that the earthen bund should be "levelled" rather than "removed" and varied the periods for compliance with the Notice to allow time for the current planning application to be determined and any appeal thereon to be decided (to remove the caravans from the site on or before 3 August 2017 and to complete the remaining steps on or before 3 September 2017).	The Development Management Review Committee resolved to grant planning permission (ref: 16/00738/FULL) for the development at its meeting of 03 July 2017. The Enforcement Notice was withdrawn and a new Enforcement Notice was served on the landowner on 25 August 2017 for the part of the site detailed on the original Enforcement Notice that was not covered by planning application ref: 16/00738/FULL. The Notice required the removal of caravans, trailers and other items, the removal of a wooden fence and rubble and hardcore and levelling the earth bund within 3 months from the date of the Notice becoming effective. A site visit on 12 October 2017 confirmed that the landowner had commenced extensive excavation and exportation works to remove and level the earthen bund. Two of the conditions of the approved Planning Permission (ref: 16/00738/FULL) had not been discharged within the specified time period. On 12 December 2017 a Breach of Condition Notice was served on the landowner requiring compliance with Conditions 1 and 2 of the Decision Notice issued on 21 August 2017. The landowner was required to comply with the two conditions by 13 February 2018.

Application Ref: 17/01016/FULL was subsequently withdrawn on 03 April 2018. On 13 April 2018 the Planning Service refused application Ref: 17/01017/FULL. As of 26 July 2018 the two conditions of the approved Planning Permission (ref: 16/00738/FULL) have still not been discharged and no response has been received in respect of the Breach of Condition Notice. The balance of the site remains in breach of the terms of the Enforcement Notice however an appeal has been submitted to the Development Management Review Committee against the refusal of planning application ref: 17/01017/FULL.
