

Scrutiny and Audit Committee Report to Angus Council 2017/18

Introduction

An annual report from the Scrutiny & Audit Committee to Angus Council has been introduced to ensure compliance with guidance for audit committees issued by CIPFA. The guidance recommends that all audit committees should *'report regularly on their work, and at least annually report an assessment of their performance'*. (Audit Committees Practical Guidance for Local Authorities and Police, published by CIPFA in 2013.)

This report has been prepared to inform Angus Council of the work carried out by the Scrutiny and Audit Committee during the period April 2017 to March 2018. It also provides details of the committee's membership and attendance.

Scrutiny & Audit Committee remit

The overall remit of the committee is to review all aspects of corporate governance, risk management and internal control, ensuring systematic appraisal of the council's control environment and framework to provide reasonable assurance of effective and efficient operations.

The committee reviewed its remit in June 2017 and agreed that the remit should be extended to include the scrutiny of AngusAlive and Angus Health and Social Care Integration Joint Board. The revised remit was approved by Council at its meeting on 19 October 2017.

During 2017/18 the Scrutiny and Audit Committee fulfilled its remit through information it received from internal audit, external audit, other external scrutiny and inspection agencies, and assurances from management. Further detail is included in Appendix A which shows the full remit as detailed in Standing Orders, together with a summary of the work undertaken.

Membership and attendance

Membership of the committee is set out in Standing Orders: *'13 members with not less than 8 of those appointed being councillors who are not members of the Administration'*. The committee usually meets formally on six occasions during the financial year. An additional special meeting was called in February 2018 to approve a proposed change in the management arrangements for internal audit. All seven meetings were quorate (at least five members in attendance).

End Table

The Chief Executive, Head of Corporate Finance, Internal Audit Manager and Acting Service Manager – Governance & Consultancy (or their nominated substitute) attended all committee meetings and other senior officers also routinely attended. Representatives from External Audit, Police Scotland and Scottish Fire & Rescue Services attend meetings and speak to their reports.

Training

A wide range of briefings and other training was offered to elected members during 2017/18. Topics of particular relevance to the Scrutiny & Audit committee included

- An overview of governance, audit and scrutiny as part of the induction programme in May 2017
- A Scrutiny & Audit workshop before the committee meeting in June 2017
- Treasury Management briefing
- Annual accounts briefing
- Risk and internal audit planning workshop
- Local Government Overview report workshop

Internal Audit

The Scrutiny & Audit committee takes assurance from internal audit on a wide range of issues. At its meeting in March 2018, the committee heard from the

Audit Manager that there has been some slippage in delivering the 2017/18 internal audit plan, but the Manager expects the plan to be fully delivered by the end of the internal audit reporting year in June.

Five of the 2017/18 internal audit reviews resulted in only limited assurance over the controls.

- GDPR Readiness, reported to committee in March 2018.
Internal Audit noted that the limited assurance assessment “is in no way a criticism of those involved in the GDPR project but rather a reflection of the impact limited staffing resource has had on GDPR preparations”. The report also noted that changes already planned by management should address some of the areas identified in the report. Additional actions have been agreed with management to address the remaining issues. Further work on GDPR will be undertaken by internal audit during 2018/19.
- School Funds Governance (Primary Schools), reported to committee in August 2017.
This audit was carried out in primary schools following the weak assessment of a similar audit in secondary schools in 2016. An action plan has been agreed with management to address the identified weaknesses. A follow-up audit has been included in the 2018/19 internal audit plan.
- IT User Access Administration (Integra), reported to committee in April 2018.
This audit sought to provide assurance that appropriate controls are in place to ensure the confidentiality, integrity and availability of the Integra finance system data. The review considered the adequacy of user access controls to ensure effective segregation of duties. Also, the weaknesses identified as enabling fraudulent activity in another local authority were considered as part of the review. The main issue giving rise to the limited assurance assessment related to two priority 1 actions about administrator access. An action plan has been agreed with management and the priority 1 actions had been completed by April 2018. Follow-up work will be undertaken later in 2018.
- Service Level Agreements (SLAs), reported to committee in June 2018
The audit sought to provide assurance that appropriate controls and processes are in place for the provision and monitoring of services provided under a SLA.
An action plan has been agreed with management to address all of the recommendations. In addition, a review of SLAs / grant agreements / contracts is currently being carried out by the Procurement Team and other interested parties, which will address some of the areas for improvement identified in the report.

- Property Repairs Work Allocation, reported to committee in June 2018
The overall objective was to provide assurance that there are appropriate controls over the allocation and subsequent management of work to contractors in the Urgent Repairs and Jobbing framework contract. Internal Audit made three priority 1 and four priority 2 recommendations and an action plan has been agreed with management. A similar audit of the new Schedule of Rates contract for planned maintenance is planned for 2018/19.

Internal Audit monitor completion of all agreed action plans and progress is reported to the Scrutiny & Audit Committee throughout the year.

Self-assessment and action plan

A self-assessment has been undertaken, using checklists included in the Cipfa Audit Committees Guidance.

The Good Practice checklist confirmed a high level of compliance with the principles set out in the Cipfa guidance.

The Evaluation of Effectiveness checklist is intended to help committee members to consider where the committee is most effective and where there may be scope to do more. The committee has used the checklist to develop an action plan, which is included as Appendix B to this report.

Conclusion

As convener of the Scrutiny & Audit Committee, I am satisfied that the work undertaken by the committee during 2017/18 provides reasonable assurance that the Council's control environment and governance framework operated effectively and efficiently during 2017/18. Actions have been put in place to address any weaknesses identified and the committee will continue to monitor completion of these actions.
