**3. BACKGROUND**

**3.1** On 7<sup>th</sup> September 2017 the Council Plan 2017 – 2022 was approved (Report no 276/17 refers). Since then a lot of work has been done to develop performance reporting systems and align priorities with work plans. This activity forms the basis of this annual performance report.

**3.2** Angus Council faces a challenging financial outlook. This is described fully in Report 274/17. At the same time, demand is increasing for many services and we cannot sustain the current ways of working and levels of service. The work of our Change Programme (Report 278/17); our digital strategy; and our workforce plan are all represented within this report.

**4. CONTEXT**

**4.1** Angus Council has developed strategies and plans to support and complement the Council Plan. These include:

- Medium-term budget strategy 2018/19 - 2020/21
- Workforce Plan 2018-2021
- Angus Council Economic Footprint Report
- Change Programme – next steps

**4.2** A number of other national strategies have been published which have been considered including Fairer Scotland Duty launched on 1<sup>st</sup> April 2018 and local strategies such as the Angus Youth Engagement Strategy launched on 14<sup>th</sup> June 2018.

**4.3** The Angus Council plan has been aligned with the priorities and outcomes in the Angus Community Planning Partnership LOIP.

**4.4** Regional working with partners across Tayside to collaborate on a range of activities including Tay Cities Deal; The Tayside Plan for Children, Young People and Families 2017-2020; and a variety of shared services are still being explored.
