Comment Reasons:

Comment: Good morning

I would like to object to this salon as there are already two small established tanning salons in Montrose who are both local owners and have worked hard to build the Clientele they have. They have provided jobs for members of the public and also created good relationships with the public. Another salon in Montrose could take away these small businesses clientele and potentially could cause them to loose there business and lively good. I don't think montrose would benefit from another tanning salon especially one in the middle from where the other two sit all in the space of not even half a mile. I think we should protect the business we already have on the high street and make space for something new and something that Montrose would benefit from. The parking in the high street is already jam packed and this could also create more disruption.

Please take the above into consideration and support two local business that are thriving in Montrose already a third could cause problems for either of these businesses.

Kind regards

Jade

Comment Reasons:

Comment: Good morning

I would like to object against the application to build a new tanning salon in Montrose. Montrose is a small town and small businesses need the support to thrive and achieve. There is already two Sunbed Shops in Montrose which are small local businesses and opening a third tanning salon which is a lot bigger than both could cause damage to the small local sunbed shops which are already in town. This could then result in shops closing and people loosing there jobs.

We all need to support the shops in town that we already have instead of bringing in another shop in the same street as the other two.

Please acknowledge that we need to support one another it can be hard enough in the industry without obstacle's that could Ruin the small businesses we already have in Montrose.

Kind regards

Mina

Comment Reasons:

Comment: I would like to object against the planning to build a new tanning salon in Montrose High street.

There are two local tanning salons that are making a go of things and I think bringing in a tanning franchise will not be good for these small local businesses.

The report says it will be creating jobs but it will also take away jobs and the lively hood of the people who have worked hard to make their businesses work and succeed. The tanning salon in question is also in the middle of the high street where the parking is chaos and this could cause more disruption. It's unfair on the small businesses in Montrose who struggle because other large businesses come in.

Regards

Hayden

Comment Reasons:

Comment: On this occasion I am choosing to object against planning permission for the use of a tanning salon as I already support local business within this industry. I strongly object that this town needs another tanning salon. In a climate that is full of massive overheads and tight profit margins, the last thing the current local business needs is more competition whether it's independent or commercial.

Dear Sir/Madam

On behalf of Afterglow Tanning Salon and Tropical Tan Montrose we would like to object to a new tanning salon opening in Montrose on 20 High street, Montrose Angus. We are two small Businesses in Montrose who have both worked hard to achieve what we have and build up the Clientele we have in our salons. A third Salon in the town would have some serious effects on our businesses with the two being open now can be difficult at times but we make it work and help each other in what way we can. We have come together to try and get our Views across to show how this would have such a negative effect on our salons. I have read over the proposal and it says it would create a few jobs this may be correct, but it could cause is not only our jobs but our business in which we have worked so hard to build. Montrose is a small town and we should support the small local businesses we already have. I believe the Tanning shop in question have a shop in Dundee also, we only have these which are our lively hoods and the way we make a living feed our families and pay the bills.

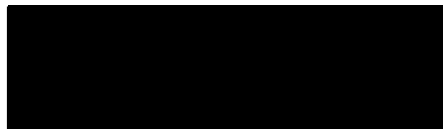

I believe if there was to be a new Tanning Salon open in Montrose Either one of our Businesses Would Collapse.

Please support your local Businesses so we can continue to Thrive and keep going.

Yours Sincerely

Williamina Langford – Afterglow Montrose

Kamil Engel – Tropical Tan Montrose.

Comment Reasons:

Comment: I care about LOCAL people small bussiness.

Big franchise from out of Montrose and Angus would all LOCAL same saloons link to bankruptcy and increase local unemployment follow by increase crime as it's usual.

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: There are currently 2 tanning shops in Montrose who have a steady clientele, bringing in another shop to the town could potentially close either or both of these.

We should be working together as a community to support the current two businesses and object to a new one opening.

There is not public parking around the area in question which can cause more parking problems and chaos on the high street worse than it is at the moment.

Regards

Erin

Comment Reasons:

Comment: I would like to register my objection to this application.

We already have two independent Tanning Studios who both provide an excellent service to the people of Montrose.

Montrose council should be supporting existing local independent businesses, which have been successfully serving the town for sometime. Don't threaten the success of these business by allowing a third Tanning Salon, and especially not one from a major chain.

Thanks
