## ANGUS COUNCIL POLICY AND RESOURCES COMMITTEE - 29 JANUARY 2019

## ARREARS UPDATE - HOUSING REVENUE ACCOUNT

## 1. BACKGROUND

1.1 Members have been regularly informed of progress and action on tackling rent arrears and are aware of the challenges currently facing the Council in securing regular rent payments. This information report provides an update on performance at Angus wide level and local Community Housing Team level. It should be noted that arrears recovery team also sits within Revenues and Benefits Team.
1.2 If, as a result of continuing rent arrears, the Council has to take action and evict, tenants concerned may present themselves to the Council as homeless. Under the Housing (Scotland) Act 1987, the Council would be required to provide them with temporary accommodation whilst their homelessness application is assessed. The Council seek to conduct an assessment as early as possible and People Directorate is fully informed of progress, including steps taken to avert any eviction. Angus Council, however, remain committed to providing support with rent payment but if not utilised by tenants, the Council must ultimately enforce the tenancy conditions agreed through the Scottish Secure Tenancy Agreement; making it clear that rent payment is a priority and failure to keep up rent payments will result in utilisation of the full range of sanctions available to the Council.

## 2. CURRENT RENT ARREARS

2.1 The Divisional performance on current rent arrears as a percentage of rent due at week 27 is at $8.38 \%$ ( 01 October 2018) which is an increase from the $7.66 \%$ for week 52 ( 26 March 2018). Although this slight increase is disappointing, it is in line with the current climate affecting other authorities. An increase in arrears at this week of reporting is not unusual.
2.2 Table 1 provides details of our performance for current rent arrears levels. The actual levels have varied since previously reported to Committee. Efforts are ongoing to pursue outstanding monies and since April 2018, there have been over 15745 actions taken including over 2690 visits to tenants or ex tenants. Since April 2018, 120 court actions have been taken. There have also been 68 cases, where the Council have been awarded a decree by the Court in this period.
2.3 The Division are continuing to take strong action against tenants for non-payment. There have been no evictions during this period.

## 3. UNIVERSAL CREDIT

3.1 The caseload at this time is not having any immediate cause for concern, however, the divisions involved in collection of monies are monitoring this carefully. Members should be aware due to the fluctuations in income that tenants could be in and out of receipt of universal credit in different weeks. This will be difficult to monitor and report on separately as a result. Any implications from Universal Credit will, of course, reflect in the overall arrears' position and indicative figures will be reported in future reports, based on availability of information. A snapshot of current cases shows an increase in arrears based on arrears balances from when the tenants went on to universal credit to their current rent arrears of $£ 48,906.60$ as at $31 / 12 / 2018$. It should also be noted that there are 163 cases which are pending claims and the difference in arrears for these cases are $£ 22,881.72$.

## 4. FORMER TENANTS ARREARS

4.1 Table 3 below summarises Former Tenants Arrears, showing the position since 03 April 2018 to 01 October 2018.
4.2 These have increased since the last report to Committee and this is reflected in the table below. Since former tenants' arrears were last reported to Committee, 37 tenancies have been abandoned and these tenancies had outstanding arrears of $£ 43,606.10$. This can make collection difficult e.g. no addresses to enable pursuit of arrears. Again, these cases can be nearing the final stages in the arrears recovery processes and tenants leaving prior to being evicted. There have also been 24 tenancies terminated with arrears of $£ 3,409.82$ where tenants were deceased. Seven tenants have been evicted since the last report to Committee, with arrears totalling $£ 21,206.11$.
