19/00033	Field South of Tinkers Ave Oathlaw Forfar	14.05.2019	A game bird rearing facility has been formed on the land without planning permission.	Report 106/19 was presented to Committee on 09 April 2019 outlining the circumstances of the case. The report highlighted that a planning application was submitted for the erection of a poultry shed on the land. In March 2019 observations were received that works were being undertaken on the land and investigations established that a game bird rearing facility was being formed on the land. The use of the land for the rearing of game birds requires planning permission for which none has been granted. The owner indicated that birds are due to be delivered in May 2019 and cessation without an alternative site for relocation would have a significant impact on the business. The owner indicated their intention to submit a planning application for a game bird rearing facility on the land. However the owner continued to develop the site and it was considered expedient to serve a planning enforcement notice.	A planning enforcement notice was served on the owner on 15 April 2019 requiring them to remove from the land the buildings, caravan/s, structures and pens and other related equipment and materials associated with the rearing of the game birds for sporting purposes and return the land to an agricultural or fallow condition. The notice was due to take effect on 14 May 2019 unless an appeal was submitted beforehand. An appeal was submitted to the DPEA on 12 May 2019 and is currently being considered.
