

**Joint 2-18 Community Learning Campus
Summary of Feedback from Learner Engagement Events – June 2019**

What is good/great about your school?

- Schools and the surrounding areas are quiet and peaceful
- Positive relationships with teachers and peers. Learners feel valued, listened to and supported
- Everyone knows each other in a small school and there are valuable links with the wider community.
- Parental Engagement is strong
- Teachers are friendly and make learning fun
- Learners are able to walk/bike to school safely
- There is excellent use of outdoor space and learners are given freedom to experience different environments such as school gardens and ponds
- Learners are happy and enjoy successes at school. There is a range of leadership opportunities available to them such as pupil voice and community groups
- There are many opportunities for pupils to take part in schools trips and activities, and a range of people visit the schools to enhance learning experiences
- Schools are well resourced, particularly in terms of outdoor equipment

If we were designing a new school what would you like it to have?

- A secure and safe environment, open to the community with an inviting entrance and disabled access
- A relaxed environment with kind, helpful teachers
- Good support for all learners
- Clear, visible information displays
- Colourful new uniform
- Happy people – pupils ready to learn
- Big classrooms with comfortable seating, and wide corridors
- Specialist primary teachers for Music, Art and PE
- Air conditioning and lots of natural light and bright colours
- Specialist areas such as Science Labs, Library, Hospitality Suite and Drama Studio
- Good sports facilities including swimming pool, football pitches, badminton courts, climbing wall
- Wide choice of languages to learn including Italian and Russian
- Excellent ICT including interactive whiteboards and laptops (less textbooks)
- Quiet spaces and cool down zone
- Social spaces
- Outdoor learning spaces and different playgrounds for different stages
- BBQ, trees, plants and flowers

- Opportunities for extra-curricular activities, breakfast club and after school clubs
- An eco-friendly school with solar panels and recycling facilities
- Healthy eating, variety of catering options (including vegan and vegetarian), vending machines
- Bike racks
- School pets/bring your pet to school day
