

Angus Licensing Board

Annual Functions Report

1 April 2018 – 31 March 2019

Angus

CONTENTS

Section 1	Introduction
Section 2	The Licensing Board
Section 3	The Licensing Objectives
Section 4	Equality and Diversity annual functions
Section 5	Statement of Licensing Policies
Section 6	Statement of Overprovision
Section 7	Review of Fees
Section 8	Summary of decisions made by, or on behalf of, the Board
Section 9	Occasional Licences determined by Board
Section 10	Objections
Section 11	Licensed Hours
Section 12	Angus Licensing Forum
Section 13	Conclusion

APPENDICES

Appendix 1	List of Applications determined at the Licensing Board 1 April 2018 – 31 March 2019
Appendix 2	List of applications granted under delegated authority by the Licensing Board between 1 April 2018 and 31 March 2019
Appendix 3	Minutes of the Angus Local Licensing Forum and Angus Licensing Board 2 November 2017

1. Introduction

- 1.1 The Angus Licensing Board ("the Board") is constituted under Section 5 of Schedule 1 to the Licensing (Scotland) Act 2005 ("the Act") as amended. The Board is the licensing authority for the local government area of Angus for the purposes of the Act. The main administrative centre for Angus Council is Angus House, Orchardbank Business Park, Forfar, DD8 1AN.
- 1.2 Angus is situated on the East Coast of Scotland and covers around 2182 square kilometres benefiting from 93km of coastline. Angus shares its borders with the City of Dundee; Perth & Kinross and Aberdeenshire Councils. Angus includes the seven main towns of Arbroath, Brechin, Carnoustie, Forfar, Kirriemuir, Monifieth and Montrose together with an extensive rural area covering many small villages. Angus has a population of around 116,280.
- 1.3 This report is prepared on an annual basis as required by Section 9A of the Act¹. It will cover the Board's activity for the last financial year 1 April 2018 – 31 March 2019. There is additional information about the Board, its Policies, Reports and decisions, on its website which can be accessed here :-

https://www.angus.gov.uk/law_and_licensing/licensing/angus_licensing_board

2 The Licensing Board

- 2.1 The current Board was formed in May 2017 following the local government elections and comprises ten members all of whom are elected members of Angus Council. Five returned to serve on the Licensing Board from the previous Board complement of 9.
- 2.2 On 25 May 2017 all 10 current members received the statutory day's training from Alcohol Focus Scotland in licensing legislation and Board functions. This included a post training examination which required them to pass with a minimum of 75%. They all duly passed. Since this initial training, and during the course of the last financial year, Board members were notified of any changes and resultant impact of legislation, where required. They also continue to keep their own knowledge up to date. From time to time, the Board also participate in relevant Scottish Government consultations ensuring that they are engaged and aware of any potential changes to the legislation.
- 2.3 The Board recognises the need for development of understanding and awareness of licensing law and practices, and having up to date knowledge of the effects of alcohol on people across Angus. The Board are of the view that this is essential to making informed licensing decisions.
- 2.4 In the year from 1st April 2018 to 31st March 2019, the Board convened on thirteen occasions to determine the applications and reviews as shown at

¹ Section 9A of the Licensing (Scotland) Act 2005

Appendix 1. Applications permitted to be dealt with in accordance with the Board's Scheme of Delegation are shown at **Appendix 2.** A public register of licences, including current premises licences and personal licences, are shown on the Angus Council website which can be accessed here: _

https://www.angus.gov.uk/law_and_licensing/licensing/licensing_registers

- 2.5 Applications and reviews before the Board were dealt with in an open and transparent manner in accordance with current licensing legislation, the Scottish Government Guidance issued to Local Authority Licensing Boards and the Board's Statement of Licensing Policy. Further details about the Board's Statement of Licensing Policy is contained within section 5 of this report.
- 2.6 Information and assistance was made available to persons making representations or lodging objections in respect of new applications or current licence holders. Information was provided to them by way of telephone call or email to the Board's licensing staff, the Board's website² and guidance notes associated with each particular Application.
- 2.7 To further assist applicants, the Board's website provides procedural guidance on how it will deal with applications and details the fees applicable to each type of application
- 2.8 The Board is fully aware of the need to ensure that the licensing process is accessible to all and thus information and assistance is always available on request for those who require special arrangements to access any part of the process.
- 2.9 At the Board meetings, the Board attempts to make the process as informal as possible and consistent with the carrying out of the Board's quasi-judicial function. The Board always attempts to follow best practice in enforcement including adoption of standards, which will, in its actions, be proportionate, accountable, consistent, transparent and targeted.
- 2.10 Under the Act, the Board is responsible for considering applications for:-
- premises licences
 - provisional premises licences
 - temporary licences
 - occasional licences
 - personal licences
 - transfer of premises licences
 - variation of premises licences
 - extensions of licensing hours in respect of:
 - the sale of alcohol by retail; and
 - the supply of alcohol in members clubs

3. The Licensing Objectives

3.1 Section 4 of the Act sets out the following five licensing objectives ("the licensing objectives"):-

- preventing crime and disorder
- securing public safety
- preventing public nuisance
- protecting and improving public health, and
- protecting children and young persons from harm

3.2 The licensing objectives represent the principles upon which the licensing system is based. In exercising its functions under the Act, the Board has full regard to the licensing objectives. The Board acknowledges that the 5 licensing objectives carry equal weight and importance and are of paramount consideration when they are exercising their responsibilities. The Board recognises that its function is in respect of the licensing regime and therefore, focuses its determinations, when relevant to the licensing objectives, on matters which are related to the sale of alcohol, in accordance with case law. The Board considers that their Statement of Licensing Policy also promotes the licensing objectives with particular reference to prevention of crime and disorder, prevention of public nuisance and promotion of public health.

3.3 The Board accepts that the quantity of alcohol consumed can adversely contribute to the level of crime and disorder within an area. The Board therefore continue to be committed to acting with Police Scotland to pursue policies intended to prevent crime and disorder. To that end, the Board expects all applicants for premises licences to implement and maintain appropriate and robust policies and practices to address all factors which impact on crime and disorder, including underage drinking, drunkenness on premises, public drunkenness, violent and or aggressive behaviour, noise nuisance, possession and or use of illegal substances and driving whilst under the influence of alcohol.

3.4 The Board continues to be committed to ensuring the safety of residents, visitors and businesses within Angus and always seeks to ensure that the operators of licensed premises take all necessary measures to implement their Statement of Licensing Policy. The Board dealt with a number of occasional licences this year in respect of larger scale events including the Montrose Music Festival and the Open 2018³. In their decision making, the Board had regard for the safety of residents and visitors to Angus, ensuring that there were appropriate conditions imposed which promoted the overall safety of those attending the events and those who were resident nearby.

3.5 In 1999, Angus Council promoted byelaws prohibiting drinking in certain

³ See Section 9 of this Report

public places within the Burghs of Brechin, Carnoustie and Montrose. The byelaws were extended to include the Burghs of Arbroath and Kirriemuir in 2008. In 2011 the byelaws were amended and they now apply to certain areas within all seven burghs – Brechin, Carnoustie, Montrose, Arbroath, Kirriemuir, Forfar and Monifieth. These byelaws are intended to assist in making safe all public areas covered by them and further assist the Board in ensuring the licensing objective of securing public safety is being met.

- 3.6 The Board is committed to protecting the amenity of residents and occupiers of other businesses from the potential adverse consequences of licensed premises whilst at the same time recognising the valuable social and business service such premises provide. The Board is fully aware that nuisance occurs frequently at or around the terminal hour of on-trade businesses and applicants for on-trade premises licences are required to outline to the Board, and implement, effective policies on the dispersal of patrons. The Board accepts that nuisance can be created by noise, and applicants are asked to plan their business to be as considerate as possible to neighbouring occupiers. For example, details of outside areas used for smoking, drinking and control of patrons whilst using those areas, are required to be addressed by Applicants in their operating plans. Premises offering music either live or recorded are required to detail their proposals to limit noise emissions from the premises. Such proposals include measures aimed at controlling noise from amplified and non-amplified music, singing and speech so as to be inaudible within any adjacent noise sensitive property, particularly between 11pm and 7am. Other measures include keeping doors and windows closed, and the installation of soundproofing measures and sound limiters. Generally, new applications for outdoor areas prohibit alcohol consumption beyond 9pm in the outside area. There were a number of applications in relation to outdoor drinking areas this past year and the Board has considered each application on its own merits while giving close regard to the points noted above.
- 3.7 The Board is fully aware that the excessive consumption of alcohol can have a damaging effect on health. The Board considers that this may be either on a single occasion or through prolonged excessive use. One particular area of concern for the Board relates to irresponsible promotions and the Board strictly applies the interpretation of an irresponsible promotion as contained in para 8(2) of Schedule 3 of the Act.
- 3.8 The Board has particular regard to the views of NHS Tayside and Angus Alcohol and Drugs Partnership (ADP) in considering measures to ensure the protection of public health from the abuses of alcohol. The Board also continues its close relationship with the ADP and supports its initiatives around responsible drinking.
- 3.9 The Board considers that applicants should participate in measures to inform the public of safe drinking limits, the number of units in particular drinks and the availability of non-alcoholic drinks.

- 3.10 The Board also requires Applicants to demonstrate their policies on the sale of alcohol to persons already intoxicated and to under-age persons.
- 3.11 The Board supports the provision of family friendly premises within their area. The Board therefore expects that applicants fully understand the additional responsibility this places on them and that this is reflected in their operating and layout plans, facilities to be provided, and the practices and procedures to be implemented by the applicants. The Board however recognises that parents and other adults accompanying children also retain responsibilities.
- 3.12 The Board will have particular concerns in permitting children and young persons into premises where the operating plan indicates that the supply of alcohol is the primary purpose of the service to be provided.
- 3.13 The Board therefore expects all applicants to provide details of the applicants' proposals to prevent the sale of alcohol to children or young persons including, but not restricted to the following:-
- Effective and responsible premises management
 - Appropriate instruction, training and supervision of those employed to secure the protection of children and young persons from harm
 - Adoption of best practice guidance on prevention of sales of alcohol to children or young persons
 - Limitations on the hours when children or young persons may be present in all or parts of the premises
 - Limitations or exclusions by age when certain activities are taking place
 - Acceptance of accredited proof of age cards with photographs or passports
 - Age verification policy of 25 (Challenge 25) to be implemented
- 3.14 Where applicants intend permitting children under the age of 5 to access the premises, the Board requires that baby changing facilities, which are accessible to persons regardless of gender, to be provided on the premises.
- 3.15 The Board requires details of the category and location of any gaming machines on the licensed premises. The Board acknowledges that Applicants have a duty under the Gambling Act 2005 to ensure that children and young persons do not access gaming machines above category D (as specified in the Gambling Act 2005). Licensed premises may have both category C and Category D gaming machines and applicants are asked by the Board to consider siting, or may be required to site, Category C machines away from child-friendly areas where no or unsatisfactory measures are in place to deny children and young persons access. Clubs may also have certain types of category B gaming machines and the Board

applies the above restriction on child and young person access to these types of machines.

- 3.16 The Board will also require Applicants to provide details of the times and locations within the premises where children and young persons are to be permitted.
- 3.17 The Board further recognises that the licensing objectives provide potential reasons for refusal of an application for the grant, variation or transfer of a premises, temporary premises, or provisional licence, or an occasional or extended hours licence under the 2005 Act. In addition that breach of the licensing objectives may provide grounds for reviewing any type of licence under the Act. Conditions attached to any grant of an application under the Act may be based on any one or more of the 5 licensing objectives.

4 Equalities Mainstreaming Report

- 4.1 Angus Licensing Board has adopted Angus Council's Equalities and Mainstreaming Report and Equality Outcomes approved by Angus Council. Angus Council is committed to tackling inequalities and this commitment is demonstrated within the report. The Report contains outcomes which are agreed to be key in addressing and making progress with these important issues. The Board has adopted this Report with a view to carrying out its functions in accordance with the outcomes and ethos of the report.
- 4.2 The Board recognises the importance of this matter and recognises that they have a role to play in relation to this. The Board have undertaken Equality and Diversity training to further its knowledge of matters relevant to this issue.
- 4.3 The Equalities and Mainstreaming Report adopted by the Board, along with the outcomes can be found here:

[Equalities Mainstreaming Report and Equality Outcomes \(2019 - 2021\)](#)

5 Angus Licensing Board Statement of Licensing Policy

- 5.1 The Board's current Statement of Licensing Policy has been in effect since August 2018. The Statement of Licence Policy can be accessed here:

[Statement of Licensing Board Policy](#)

The Board consistently has regard to this policy when exercising its functions, and any relevant Policy and or statutory provisions are included in every Board Report which is prepared for each item heard by the Board.

- 5.2 The Board reviewed its previous Licensing Statements in June 2018. Prior to review, there were two Licensing Statements; one which had been in place since November 2013 and the Supplementary Statement which had been in

effect since November 2016. There were transitional arrangements put in place to ensure that the Policy remained effective until the new one was in place following review.

- 5.3 Prior to any decisions made by the Board regarding the review, a consultation exercise was undertaken. Respondents were able to comment on the existing statements and suggest changes. The Board contacted a number of people and organisations as part of the consultation as well as posting a public notice on the website inviting comments and suggestions. Six responses were received and were taken into account as part of the review.
- 5.4 As part of reviewing the previous Statements, the Board decided to consolidate the two previous documents into one Policy Statement. The Board ensured that the Statement was up to date in terms of legislative changes which had taken place since 2013 and a review and update of the Scheme of Delegation was also undertaken. The review also presented an opportunity for the Board to make minor changes to the Statement in order to ensure that it was overall clear and fit for purpose.

6. **Duty to assess overprovision**

- 6.1 As part of the review of the Licensing Policy Statements noted above at section 4 of the report, the Board took the opportunity to determine whether there was an overprovision of any type of licensed premises in the localities within Angus. Section 7 of the Act requires the Board to include a statement to this extent within its Statement of Policy.
- 6.2 Having regard to Section 7 of the Act and recently updated Scottish Government Guidance to local authorities for Licensing Boards, the Board determined that the localities which the Board should identify and examine should be the Burghs of Arbroath, Brechin, Carnoustie, Forfar, Kirriemuir, Montrose and Monifieth.
- 6.3 The Board's current Statement of Licensing Policy includes a policy statement to the effect that it has not been possible to identify any locality where data supports a robust and compelling argument that the prevalence of licensed premises has reached, or is close to reaching overprovision. Therefore, there is no presumption against the granting of new licences within any locality in Angus. However, the Board recognises that each application for a premises licence requires to be determined on its own merits and the Board may still refuse an application if it is satisfied, from evidence presented to it, that there would be an overprovision of licensed premises in that locality if the application were to be granted. The localities examined during the previous Policy Statement review were the same.

7. Review of Fees

- 7.1 In February 2019, the Board agreed to a new fee structure in respect of applications with an implementation date of 1 April 2019.
- 7.2 The Scottish Government sets a number of fees in relation to certain applications under the Act. In addition to this, there are fees which are agreed by the Board within parameters set by the Scottish Government. Furthermore, there are some fees which the Board has sole discretion to fix.
- 7.3 The Board agreed to a general percentage rise of approximately 3.3%. Some fees were rounded to provide more manageable figures.
- 7.4 The public are able to view the fees for each type of application on the Angus Licensing Board section of Angus Council's website.

8.0 Summary of decisions made by, or on behalf of, the Board

- 8.1 During the period 1st April 2018 – 31 March 2019 the Board heard and determined 5 premises, 3 provisional, 13 non minor variation, 7 extended hours and one transfer application. The Board did not hear any premises licence review hearings. The Board heard 2 current personal licence holder review hearings, and no new personal licence grant hearings.
- 8.2 Where a review hearing is held, the licence holder is always given notice of the hearing and invited to attend. In each of the two personal licence review cases before the Board during the last financial year, the Board had received a notice of conviction of a relevant offence from the Chief Constable of Police Scotland in respect of the licence holders. After fully considering the notice of conviction, having heard from the representative from Police Scotland, having heard from the licence holders themselves if in attendance, and after receiving advice from the Board's clerk, the Board made determinations in respect of the review hearings.
- 8.3 In relation to applications, most applicants attend and many have legal representation to assist them with their application and attendance at the Board hearing.
- 8.4 Members of the public are able to attend the Board meetings unless the Board determines to convene in private. Minutes and Agendas are posted on the Council's website.
- 8.5 There are a number of licences which are issued outwith a formal Board setting and are issued in line with the Scheme of Delegation. Occasional Licences are the most common type of application granted in this way.
- 8.6 In assessing applications, the Board used a considerable number of different sources of information to enable them to reach fully considered determinations. These sources included reports from Angus Licensing Standards Officer, Scottish Government Guidance issued to Local Authority Licensing Boards, Police Scotland, NHS Tayside, Angus Drug and Alcohol

Partnership, Alcohol Focus Scotland, Scottish Fire and Rescue Service, Scottish Ambulance Service, Local Residents, Angus Local Licensing Forum, Angus Council Services including Building Standards, Environmental and Consumer Protection, Roads, Planning and Safe Events, information and or submissions made by objectors, members of the public, local licence holders, material from local and national news on alcohol issues and misuse, relevant legislation and applicable case law, as well as guidance and advice obtained from the Board's licensing practitioners.

9 Occasional Licences determined by Board

- 9.1 In addition to the determination of the hearings/applications noted above, the Board determined 6 applications for occasional licences which are more commonly determined through delegated authority. These applications largely related to large scale events which took place in Angus including the Montrose Music Festival and the Open 2018 (Golf Championship). Due to a number of factors, including the scale of these events and objections which had been received in respect of some applications, it was deemed necessary and appropriate for the Board to determine these specific applications.
- 9.2 One objection was received in relation to an occasional licence application which was being made in order to provide hospitality at the Open 2018. The objection focussed on the overall safety of the proposal and concerns about its impact on other organised events associated with the Open 2018 which was taking place around the time of the application. Both the applicant and objector were invited to attend the Board and address concerns around the application. The objector, despite the invitation to attend, did not attend. The applicant attended the Board hearing with a representative. The Board determined the application giving full consideration to the application, the objection made and the representations made before it by the applicant on the day.
- 9.3 The Board gave particular regard to the safety of those resident in the localities and visitors to Angus in respect of the larger scale events and imposed additional conditions which promoted this. The Board also gave close and due regard to the safety of children and young persons as part of their determinations.
- 9.4 All of the granted applications were found to be compliant with the licensing objectives, and consistent with the Licensing (Scotland) Act 2005 the Board's Statement of Licensing Policy, or Policies at the time, and Scottish Government Guidance issued to local authorities for Licensing Boards. Summaries of the decisions in respect of these applications are contained within **Appendix 1** of this Report along with the summary of the other Board decisions.
- 9.5 The decision from the Board on each application, or personal licence hearing, was based on its individual circumstances and merits, as were all transfer of premises, extended hours, occasional, minor variation and

personal licences which were able to be dealt with outside of Board meetings under delegated authority in accordance with the Boards Scheme of Delegation which can be accessed here <http://www.angus.gov.uk/sites/angus-cms/files/2017-06/Statement%20of%20Policy%20-%20Alcohol.pdf>

10 Objections

- 10.1 Objections and representations were received in relation to a number of applications this past year and most of the objectors attended the Board in person.
- 10.2 The Board entertained all objections received with the exception of one objection. This was not entertained because the objection was received late and the applicant had not received fair notice of it.
- 10.3 One of the objections received related to a provisional licence application. The objection focussed on a perceived overprovision of licensed premises in the locality. The Board invited the objector along to the Board hearing and gave due regard to the concern raised. The Board had due regard to the individual circumstances of the application and its own Licensing Policy Statement when making their decision.
- 10.4 In relation to an application for a variation of a licence, an objection was received from NHS Scotland and its partners which focussed around the health risks associated with the proposed variation, raising concerns about how increased availability of alcohol could cause an increase in alcohol consumption and alcohol-related harm. The application was seeking a variation to the effect of there being an increased capacity in their operating plan. The Board gave due regard to the objection lodged and determined the application with this in mind.
- 10.5 A further variation of a licence application received an objection. This objection focussed on issues with the detail provided in the operating plan and the hours proposed. The objector laid out additional conditions which they felt ought to be imposed if the Board granted the application. Again, this objection was entertained and considered by the Board in their decision making process.
- 10.6 The Board received a number of objections, in respect of different applications, which were centred on noise nuisance and overall safety of events being proposed.
- 10.7 All entertained objections and representations were taken into account in the Board's decision making process. All objectors were invited along to the Board meetings in order to be heard in person in addition to their written representations. The Board, on some occasions, were able to impose additional conditions which addressed some concerns being raised by the particular objectors and on all occasions, gave reasons for their decisions.

11 Licensed Hours

11.1 In granting licences the Board recognises that licensing hours are important to individual licensed premises, but can have a wider impact for an area. Balanced against this, the Board does not wish to unnecessarily inhibit the development of thriving and safe evening and night time local economies which are important for investment, employment and tourism. The Board considers that the on sale policy hours are appropriate for Angus and represent a balance between the interests of the public, residents, licensed businesses and patrons of licensed premises.

11.2 For applications relating to occasional Licences and general licensed premises (except for off sale licensed premises) – the licensed hours permitted by the Board are:-

11.00 am to 12.00 midnight on Sundays

11.00 am to 12.00 midnight - Monday to Thursdays (inclusive)

11.00 am to 1.00 am Friday and Saturday

For applications relating to licensed premises where the activities permitted to be carried on as specified in the operating plan comprise public entertainment (such as dance halls, discotheques and night clubs) and provided that alcohol is sold as an ancillary to the entertainment , the licensed hours generally permitted by the Board are:-

11.00am to 12.00 midnight on Sundays

11.00am to 12.00 midnight Monday to Thursdays (inclusive)

11.00am to 2.00 am Friday and Saturday

11.3 In terms of the Act, the sale of alcohol for consumption off the premises is not permitted before 10.00 am and after 10.00 pm. The Board's policy is that maximum available licensed hours of 10.00 am to 10.00 pm each day are generally appropriate for off sales. However, each off sales application is assessed on its own merits against these licensed hours and the Board aims to ensure that the licensing objectives are being promoted in such applications. If this is not demonstrated to the Board, the Board may grant reduced hours for off sales.

11.4 Each application for a premises licence is assessed on its own merits against the on sale policy hours appropriate to the type of activity for which a licence is being sought. Where an application received is requesting licensed hours exceeding 14 hours, the Board will require further information for the consideration of such applications and the Board will take into account the effect of granting such a licence will have on the area.

11.5 Should an application be received in respect of opening earlier than 11am, the Board will expect the applicant to justify their request and demonstrate measures that promote the five licensing objectives.

11.6 Extended hours applications are individually assessed on their own merits. When the extended hours sought are in respect of on sale premises and fall outwith on sale policy hours appropriate to the applicant's premises, the applicant is required to demonstrate to the Board that there are good reasons for the hours sought and that the hours are appropriate in the circumstances. The applicant will require to provide the Board with sufficient information to enable a decision to be made in this regard. This information will include:-

- the hours sought;
- a description of the special event or occasion;
- the proposed activities to take place during these hours;
- when each activity will take place;
- why the event or occasion is considered to be special;
- why the event or occasion cannot take place within the on sale policy hours appropriate to the applicant premises.

12 The Angus Local Licensing Forum

12.1 The role of the Angus Local Licensing Forum ("the Forum") is to keep under review the operation of the Act in the Angus area, to review the relevant Board functions, give policy advice and make recommendations to the Board as the Forum considers appropriate.

12.2 The Forum was first established on 22 November 2007. The Forum's membership consists of premises and personal licence holders, local residents, representatives from Angus Council Health Education and Social Work Service, representatives of the Angus Drugs and Alcohol Partnership (A.D.P), representatives from Police Scotland and the Angus Licensing Standards Officer. The Forum meets on a quarterly basis.

12.3 The Licensing Board are formally required to meet with the Forum at least once in each calendar year. They jointly meet every year in October/November and have done so since 2008. They meet in the Town and County Hall, Forfar. A copy of the joint minute of the Joint meeting of the Forum and the Board held on 2 November 2017 is attached **as Appendix 3**. The Minute of the meeting of the Forum and the Board in 2018 is due to be placed before their Joint Meeting for approval at its meeting in October 2019.

13 Conclusion

13.1 The Board are delighted to report that licensed premises in Angus have been well run and relatively problem free during the period 01/04/2018 to 31/03/2019. In this respect, the Board congratulates and thanks the licensed trade in its efforts in promoting and upholding the licensing objectives and complying with the Board's Statement of Licensing Policy August 2018.

- 13.2 Whilst the Board accepts that licensed premises in Angus are well run and regulated, the Board will continue to ensure that high standards are maintained and the licensing objectives of the 2005 Act are complied within the period 01/04/2019 to 31/03/2020.
- 13.3 The Board expresses its extreme gratitude of the efforts of the many Council and Board officers, partners and stakeholders involved in ensuring that licensed premises in the Angus area are compliant with, and kept well informed of, the requirements of the vast array of licensing legislation and regulations.

Appendix 1

List of Applications determined at the Board 1 April 2018 – 31 March 2019. This table provides a summary of the decisions however, more details can be found within the Minutes of the Board Meetings which are available to view on the Angus Licensing Board section of the website: - https://www.angus.gov.uk/law_and_licensing/licensing/angus_licensing_board

Provisional/Full = Green, Variation = Blue, Extended Hours =Purple, Personal Licence Review = Red, Occasional = Orange
Transfer/Relieve of failure to comply with procedure requirement - Grey

Licensing Board Meeting	Name of Premises/Licence Holder	On/Off Sales	Type of Application	Type of Premises	Request	Objectors	Decision
5 April 2018	Smuggler's Tavern, Arbroath	On and Off	New Premises	Bar	New Premises Licence	None	Granted with the exclusion of the outdoors drinking/smoking area which was requested in application.
	Co-operative Store/ Co-op, Kirriemuir	Off	Non Minor Variation	Supermarket	Change of premises name, alteration to activities and increase to capacity sought.	None	Granted
	Harbourside Grill, Arbroath	On	Non Minor Variation	Restaurant	Change to activities to allow take-away facilities (excluding alcohol) and change of personal details for licence holder and premises manager	None	Granted

	Montrose Music Festival, Montrose	On and Off	Occasional	Pop up bars/stalls	Occasional Licence for event	None	Granted subject to mandatory and local conditions as well as additional conditions in relation to stewarding, emergency vehicle access and capacity limitations.
	The Picture House, Montrose	On	Occasional	Public House	Occasional Licence for event/enclosed outdoor area relating to Montrose Music Festival	None	Granted subject to mandatory and local conditions as well as additional conditions in relation to stewarding, emergency vehicle access, safe pedestrian passage and capacity limitations
	Market Arms, Montrose	ON	Occasional	Public House	Occasional Licence for event/enclosed outdoor area relating to Montrose Music Festival	None	Granted subject to mandatory and local conditions as well as additional conditions in relation to stewarding, capacity limitations, pedestrian passage, drinks being moved into plastic containers at point of sale.
	Star Hotel, Montrose	ON	Occasional	Hotel	Occasional Licence for event/enclosed outdoor area relating to Montrose Music Festival	None	Granted subject to mandatory and local conditions as well as additional conditions in relation to stewarding, capacity limitations and drinks being moved into plastic containers at point of sale.
	Star Hotel, Montrose	On	Extended Hours	Hotel	To allow hotel to open for an additional hour over the period of the Montrose Music Festival	None	Granted but only to the extent that the extension was for 45 minutes and on the conditions that music stopped at 1.30am and stewards remained until the premises were cleared.

4 May 2018 / 14 May 2018	Licence holder	N/A	Review – Notice of Conviction	N/A	Review of Personal Licence	N/A	No further action. licence holder warned about possible consequences of any future adverse reports.
17 May 2018	Home Bargains, Montrose	Off	Provisional Premises Licence	Homeware Shop	New Provisional Premises Licence	3 objections received. One objection not entertained because it had been submitted late and applicant did not have fair notice of it.	Granted
	The Attic Club, Kirriemuir	On and Off	New Premises	Bar	New Premises Licence	None	Granted subject to local Children's Conditions
	Carnoustie Caledonia Golf Club	On and Off	Non Minor Variation	Golf Club	Change to provide outdoor facilities and in particular, a marquee and to note times where alcohol would be served	None	Granted
	Lidl, Forfar	Off	Non Minor Variation	Supermarket	Increase to capacity sought	Letter of objection	Granted

						received from NHS Tayside and Angus Alcohol and Drugs Partnership . Objector in attendance.	
	Friockheim Bowling Club	On	Extended Hours	Bowling Club	4 applications for extension of hours requested for 4 specific events including : - 1. an extension of 2.5 hours at the commencement of trading on 3 Sundays 2. an extension of 1 hour at the commencement of trading on 1 Saturday	None	Granted

There was submitted and noted the minute of meeting of the Joint Meeting of the Angus Local Licensing Forum and the Angus Licensing Board of 3 November 2016.

3. **ANGUS LOCAL LICENSING FORUM**

Sheena Cochrane, Chairman of the Forum, reminded those present that there was a statutory requirement for the Licensing Board and the Forum to meet together at least once a year. She stressed that the joint meeting marked the continuation of a positive relationship between the Licensing Forum and the Licensing Board and that the Forum had a wide range of knowledge, interests, experience and skills, all of which were available to the Board to help them in developing and exercising their functions.

As a Forum, Mrs Cochrane felt members experience had grown over the past nine years and were now well on their way to carrying out their remit as set out in the 2005 Act. It was also heartening to have such a good working relationship with the Board.

She advised that the membership of the Forum had remained the same over the past year and thanked Mark Gillespie, LSO for all his reports to the Forum and keeping them up to date with a number of issues like the new Air Weapons and Licensing (Scotland) Act 2015.

There had also been a few changes with the representatives from Police Scotland and she thanked them for their informative reports to the Forum over the last year.

It was noted that at the beginning of the year, the Forum members had completed a questionnaire from East Ayrshire Council regarding proposals to establish a National Licensing Forum and suggested ways how this could be funded. The members agreed that the establishment of a National Licensing Forum would be beneficial as it could act as a sounding board of Licensing Forums to exchange best practice ideas and discuss the way forward. It was noted that so far this idea had not progressed but hopefully it would be up and running soon should enough interest be shown from other areas. The Chairman advised that she felt that a National Licensing Forum would be helpful to members and allow discussion at a National level.

The Chairman advised that over the last year, Forum members discussed the growing concerns of on-line alcohol sales and also the rise of “bring your own drink” events which were regularly taking place with very little supervision and no personal licence holder in attendance. This was an area of concern that had been flag up by Forum members and required to be monitored more closely.

It was noted that Alcohol Focus Scotland had published a Licensing Resource Pack aimed at professionals involved in Scotland’s licensing system. It set out how the licensing process in Scotland worked and provided resources to support the collection of evidence on local alcohol related harm, the development of licensing board policy statements, and effective overprovision policies. Each section and resource was available to print as a separate document online at www.alcohol-focus-scotland.org.uk/resources/

Sheena advised that she was looking forward to attending a meeting on Monday 27th November hosted by Alcohol Focus Scotland who would provide an overview of the Materials to Angus Drugs Partnerships and licensing colleagues in Tayside.

The Beautiful Angus Garden Competition 2017 which, for the third year, was open to Licenced Premises was again well received and this year it had been expanded to include a number of different awards. This helped encourage local licensed premises to make the most of their outside space and street fronts. The winner of the Licenced Premises being The Corn Exchange, Arbroath.

In conclusion, Mrs Cochrane thanked Forum members for their commitment to take their role seriously and attending meetings without fail. She also thanked Angus Council for the administrative and financial support which had been given to the Forum in the past year.

4. **ANGUS LICENSING BOARD**

On behalf of the Board, the Convener, Councillor Craig Fotheringham, expressed their appreciation for the opportunity to hold an annual joint meeting and indicated that it underpinned the mutual benefit of working together for the people of Angus. Both organisations strived constantly to encourage responsible drinking within the County and to work towards reducing anti-social behaviour.

Councillor Fotheringham advised that since the last joint meeting of the Angus Licensing Board and Licensing Forum on 3 November 2016, the Angus Licensing Board has met on seven occasions and during these meetings the Board has dealt with the following matters : -

- 4 new premises licence applications
- 12 requests to vary premises licences
- 3 matters pertaining to Personal Licences
- 1 review of Premises Licence
- 1 review of Premises Licence for non-payment of fees
- 5 Extended Hours applications

The following applications were also dealt with in accordance with the Scheme of Delegation:

- 608 Occasional Licence applications
- 22 Extended Hours applications
- 86 Personal Licence applications
- 72 Requests for minor variation or transfer
- 1 Premises licence has been surrendered
- 1 Confirmation of a Premises Licence

As of 30 October 2017 there were 340 premises licences in-force;

- 114 on-sales
- 141 on/off sales
- 85 off sales

It was noted that the appeal against the Court of Session decision upholding the lawfulness of the Alcohol (Minimum Pricing) (Scotland) Act 2012 concluded on 25 July 2017 after a two day hearing; the Supreme Court's decision was expected later in the year.

He concluded by thanking the Licensing Team for their most willing support, guidance and advice and also thanked the Board members for their wealth of knowledge, experience and wisdom which they constantly bring to all Licensing Board meetings and matters. The Board also appreciated the most valuable attendance and input from Police Scotland, Scottish Fire and Rescue Service, ECP and Building Standards Officers who frequently have to endure lengthy meetings and deliberations without being called to comment. Their presence was much appreciated.

He wished the Licensing Forum every success in the year ahead and hoped to continue to attend future meetings.

5. UPDATE BY POLICE SCOTLAND

PC Reid gave members an update on the work currently being undertaken by Police Scotland and explained to Angus Licensing Board members how it was important to have early intervention regarding any troublesome licensed premises as it was found that this approach helped avoid further problems in the future.

He also advised that Police Scotland were working closely with Mark Gillespie, LSO and met with him on a regular basis to discuss any issues.

The Chairman thanked PC Reid for his update and advised him that many licensees were grateful of the help and support that they had recently received from Police Scotland.

6. CHIEF CONSTABLES REPORT TO ANGUS LICENSING BOARD

There was submitted and noted the Chief Constables Report to the Angus Licensing Board for the period 1 April 2016 to 31 March 2017.

7. ELECTED MEMBER BRIEFING NOTE – ALCOHOL HARM IN COMMUNITIES

There was submitted and noted an Elected Members briefing note produced by the Improvement Service which had been developed to help elected members keep pace with key issues affecting Local Government.

The members noted that this briefing note aimed to increase understanding amongst elected members of how alcohol consumption and harm impacts on local communities and across different areas of local authorities work.

The members noted the contents.

8. REVIEW OF STATEMENT OF LICENSING BOARD POLICY

There was submitted, for information, Report No LB 53/17 by the Clerk advising members of the requirement to review the Board's Statement of Licensing Policy and approve the review process.

It was noted that Section 6 of the Licensing (Scotland) Act 2005 ("the Act") obligated every Licensing Board, before the beginning of each licensing policy period, to publish a statement of their policy with respect to the exercise of their functions under the Act during that period. In exercising their functions under the Act during the licensing policy period, the Board must have regard to the Statement of Licensing Policy in relation to that period. Previously, a new Statement of Licensing Policy was required every three years. As a result of changes instigated by the Air Weapons and Licensing (Scotland) Act 2015, the three year period became the "licensing policy period" which commences 18 months after an ordinary election of councillors for local government areas. Therefore, it was noted that the next licensing policy period commenced on 4 October 2018.

The members agreed to note the requirement for the Board to review its Statement of Licensing Policy and to identify any particular aspect of the Board's current Statement of Licensing Policy and Supplementary Statement of Licensing Policy that it would, in particular, wish to be considered as part of the review.

The members noted that the members of the Angus Local Licensing Forum, along with other organisations would be consulted on this matter.

9. GENERAL DISCUSSION

Following some discussion regarding the extension of hours under the Licensing (S) Act 2005, which both Forum and Board members found to be very fruitful and interesting, Mrs Cochrane in conclusion, thanked all those present for their attendance and contribution to what had been a successful joint meeting which marked the continuation of a positive relationship between the Local Licensing Forum and the Licensing Board.

10. TIMETABLE OF MEETINGS FOR 2018

It was agreed that the Forum meet on the following dates:-

Monday 19 February 2018

Monday 4 June 2018

Thursday 1 November 2018 (Joint meeting with Angus Licensing Board).
