

APPENDIX 1 TO LSO REPORT

Photo 1

As the photo to the right demonstrates, the premises is adjoined to properties to its left and above it.

I understand, however, that it is the owners of the pub who live above it.

Several premises are adjacent to residential properties, but few are adjoined.

Photo 2

As the photo to the left demonstrates, the premises is in close proximity to residential properties. These properties are on Lochlands Street to the left. The properties continuing on the main road are commercial.

Photo 3

The photo to the right displays the proposed drinking area. It is within the boundaries of the blue fence. In this area there are plans to have three benches with seats and plant-pots for decoration.

Members may wish to consider the fact that there are no gates separating the area from the public pavement.

Photo 4

The photo to the left is a reverse view of the proposed drinking area.
