

Subject: Proposed changes to pavement at Shanwell Road, Carnoustie.

Dear Sirs,

I wish to object to the above proposed changes to the pavement in Shanwell Road. I feel the pavement is too narrow to accommodate a cycle lane and a pedestrian walkway. It means the school pupils would have to walk in single file, which does not happen at present. I have lived here for 44 years and previously pupils were made to dismount from their cycles and walk along Shanwell Road. Shanwell Road has been one-way for eight years and every day drivers and cyclists break the law by going the wrong way. I feel the signage is inappropriate.
