Comment Details

Commenter Type: Member of Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Rowan court sheltered housing was set up in 1995 for elderly people in need of care in the knowledge, with a resident warden, this care would be available nearly 24/7.

Some residents have been here many years and the overall feeling, here and now, is that it is an ideal place for a person to remain independent and yet share in the neighbourliness in the organised events.

There have been many changes over the years and it is hoped when the matter of the lease of no 9 is dealt with, the council retain the caring needs of the elderly here as originally intended
