

Seagreen 1

MSC Application 20/00190/MSC
Carnoustie to Templehall

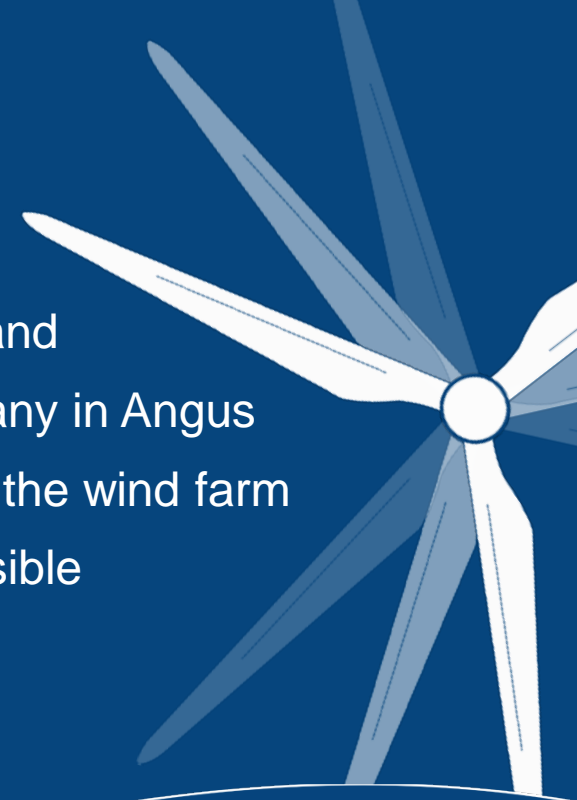

MSC Application 20/00120/MSC
Templehall to Tealing

- **Seagreen is:**
- Scotland's largest infrastructure project
- Scotland's largest offshore windfarm
- £3bn construction project

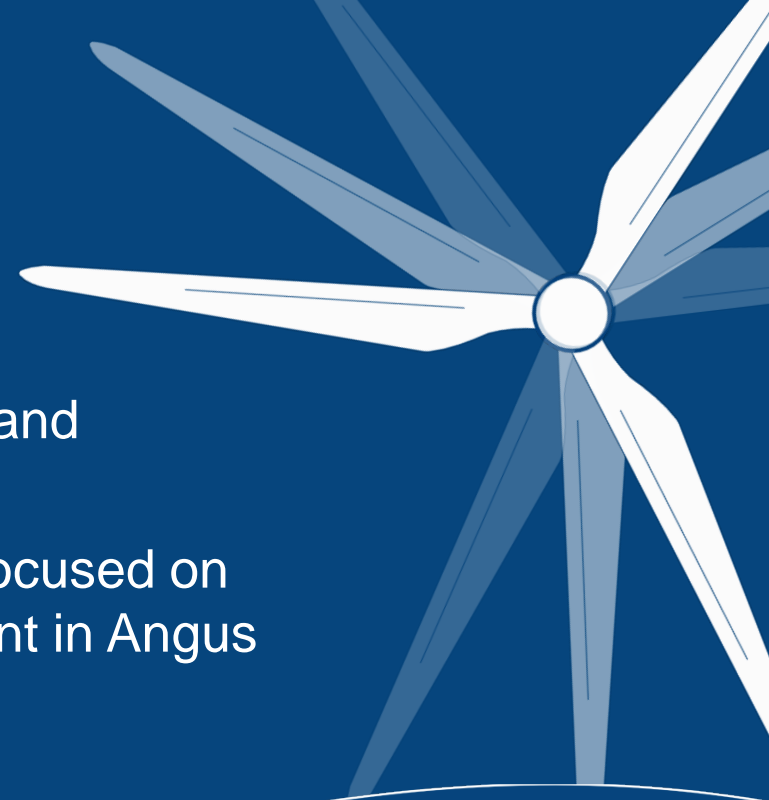

- **Seagreen will:**

- Provide a significant economic boost to Angus and Scotland
- Create up to 400 jobs during construction in Scotland, many in Angus
- Create jobs at Montrose Port for the 25 year operation of the wind farm
- Utilise local, Scottish and UK based suppliers where possible
- Bring £1bn+ in economic benefits to Scotland
- Power around 1 million homes

- **Seagreen has:**

- Confirmed Community Fund of £1.8m
- Committed to working with local colleges and supporting apprenticeships
- Committed to a separate £400,000 fund focused on supporting STEM based skills development in Angus
