<b>Appendix 3</b>	Link to list of Current Premises Licences
<b>Appendix 4</b>	Minutes of the Angus Local Licensing Forum and Angus Licensing Board 1 November 2018

## **1. Background**

- 1.1 The Angus Licensing Board ("the Board") is constituted under Section 5 of Schedule 1 to the Licensing (Scotland) Act 2005 ("the Act") as amended. The Board is the licensing authority for the local government area of Angus for the purposes of the Act. The main administrative centre for Angus Council is based at Angus House, Orchardbank Business Park, Forfar, DD8 1AN.
- 1.2 Angus shares its borders with the City of Dundee, Perth & Kinross, and Aberdeenshire Councils and covers around 2182 square kilometres benefiting from 93km of coastline. Around 116,000 people live within the area which is set on the east coast of Scotland. The seven main towns in Angus are Arbroath, Brechin, Carnoustie, Forfar, Kirriemuir, Monifieth and Montrose.
- 1.3 This report is prepared on an annual basis as required by the Act<sup>1</sup>. It will cover the Board's activity for the last financial year. There is additional information about the Board and its decisions on its website: -

[https://www.angus.gov.uk/law\\_and\\_licensing/licensing/angus\\_licensing\\_board](https://www.angus.gov.uk/law_and_licensing/licensing/angus_licensing_board)

## **2. The Licensing Board**

- 2.1 The current Board was formed in May 2017 following the local government elections and comprises ten members, all of whom are elected members of Angus Council.
- 2.2 On 25 May 2017 all 10 current members received the statutory day's training from Alcohol Focus Scotland in licensing legislation and Board functions. This included a post training examination which required them to pass with a minimum of 75%. They all duly passed. Since this initial training and during the course of the last financial year, Board members continue to be notified of changes in the legislation when required and continue to keep their own knowledge up to date. The Board members attended training, along with the wider group of Elected Councillors, during August 2019 which focussed on good decision making and good governance and part of the training focussed on quasi-judicial proceedings.
- 2.3 The Board recognises the need for development of understanding and awareness of licensing law and practices, and having up to date knowledge of the effects of alcohol on people across Angus. The Board are of the view that this is essential to making informed licensing decisions.
- 2.4 In the year from 1st April 2019 to 31st March 2020, the Board convened on

---

<sup>1</sup> Section 9A of the Licensing (Scotland) Act 2005

eight occasions to determine the applications and reviews as shown at **Appendix 1**. Applications permitted to be dealt with in accordance with the Board's Scheme of Delegation are shown at **Appendix 2**. A list of licensed premises in Angus can be found on the online licensing Register. A link to this is provided at **Appendix 3**.

- 2.5 Applications and reviews before the Board were dealt with in an open and transparent manner in accordance with current licensing legislation, the Scottish Government Guidance issued to Local Authority Licensing Boards and the Board's Statement of Licensing Policy.
- 2.6 The Board is fully aware of the need to ensure that the licensing process is accessible to all and thus information and assistance is always available on request for those who require special arrangements to access any part of the process.
- 2.7 At the Board meetings, the Board attempts to make the process as informal as possible while remaining consistent with the carrying out of the Board's quasi-judicial function. The Board always attempts to follow best practice in enforcement including adoption of standards, which will, in its actions, be proportionate, accountable, consistent, transparent and targeted.
- 2.8 Under the Act, the Board is responsible for considering applications for:-
  - premises licences
  - provisional premises licences
  - temporary licences
  - occasional licences
  - personal licences
  - transfer of premises licences
  - variation of premises licences
  - extensions of licensing hours in respect of:
    - the sale of alcohol by retail; and
    - the supply of alcohol in members clubs

### 3. The Licensing Objectives

- 3.1 Section 4 of the Act sets out the following five licensing objectives ("the licensing objectives"):-
- preventing crime and disorder
  - securing public safety
  - preventing public nuisance
  - protecting and improving public health, and
  - protecting children and young persons from harm
- 3.2 The licensing objectives represent the principles upon which the licensing system is based. In exercising its functions under the Act, the Board has full regard to the licensing objectives. The Board acknowledges that the five licensing objectives carry equal weight and importance and are of paramount consideration when they are exercising their responsibilities. The Board recognises that its function is in respect of the licensing regime and therefore, focuses its determinations, when relevant to the licensing objectives, on matters which are directly related to the sale of alcohol, in accordance with case law.
- 3.3 The Board recognises that the quantity of alcohol consumed can adversely contribute to the level of crime and disorder within an area. The Board therefore continues to be committed to acting with Police Scotland to pursue policies intended to prevent crime and disorder where the sale of alcohol is involved. To that end, the Board expects all applicants for premises licences to implement and maintain appropriate and robust policies and practices to address all factors which impact on crime and disorder, including underage drinking, drunkenness on premises, public drunkenness, violent and or aggressive behaviour, noise nuisance, possession and or use of illegal substances and driving whilst under the influence of alcohol or drugs.
- 3.4 The Board continues to be committed to ensuring the safety of residents, visitors and businesses within Angus and always seeks to ensure that the operators of licensed premises take all necessary measures to implement the Statement of Licensing Policy to ensure that the licensing objectives are promoted throughout Angus.
- 3.5 In 1999, Angus Council introduced byelaws prohibiting drinking in certain public places within the Burghs of Brechin, Carnoustie and Montrose. The byelaws were extended to include the Burghs of Arbroath and Kirriemuir in 2008. In 2011 the byelaws were reviewed and amended and apply to certain areas within all seven burghs – Brechin, Carnoustie, Montrose, Arbroath, Kirriemuir, Forfar and Monifieth. These byelaws are intended to assist in making safe all public areas covered by them and further assist the Board in ensuring the licensing objective of securing public safety is being met. The Board is obligated to review these Byelaws every ten years. This review will be undertaken during the next financial year with a view to being

completed in July 2021.

- 3.6 The Board is committed to protecting the amenity of residents and occupiers of other businesses from the potential adverse consequences of licensed premises whilst at the same time recognising the valuable social and business service such premises provide. The Board's Licensing Standards Officer has handled a small number of complaints from residents and occupiers of other businesses and has assisted in mediating between parties to ensure that the Licensing Objectives are promoted.
- 3.7 The Board is fully aware that the excessive consumption of alcohol can have a damaging effect on public health. The Board considers that this may be either on a single occasion or through prolonged excessive use. The Board continues to act through its Licensing Standards Officer in dealing with complaints in relation to this matter. The number of complaints in respect of this specific objective is low and mainly relate to irresponsible drinks promotions. As noted above, the Licensing Standards Officer is able to mediate between the Board and the licence holder in order for such promotions to be ceased in the majority of circumstances. The Board also continues to expect licence holders to be able to demonstrate good practice in relation to public health matters e.g policies in place for the service of intoxicated people, policies in place for serving accurate measures.
- 3.8 The Board has particular regard to the views of NHS Tayside and Angus Alcohol and Drugs Partnership (ADP) in considering measures to ensure the protection of public health from the abuses of alcohol. The Board also continues its close relationship with the ADP and supports its initiatives around responsible drinking.
- 3.9 The Board supports the provision of family friendly premises within their area. The Board therefore expects that applicants fully understand the additional responsibility this places on them and that this is reflected in their operating and layout plans, facilities to be provided, and the practices and procedures to be implemented by the applicants. The Board however recognises that parents and other adults accompanying children also retain responsibilities.
- 3.10 The Board expects all applicants to provide details of the applicants' proposals to prevent the sale of alcohol to children or young persons including, but not restricted to the following:-
- Effective and responsible premises management
  - Appropriate instruction, training and supervision of those employed to secure the protection of children and young persons from harm
  - Adoption of best practice guidance on prevention of sales of alcohol to children or young persons
  - Limitations on the hours when children or young persons may be

present in all or parts of the premises

- Limitations or exclusions by age when certain activities are taking place
- Acceptance of accredited proof of age cards with photographs or passports
- Age verification policy of 25 (Challenge 25) to be implemented

3.11 The Board requires details of the category and location of any gaming machines on the licensed premises. The Board acknowledges that Applicants have a duty under the Gambling Act 2005 to ensure that children and young persons do not access gaming machines above category D (as specified in the Gambling Act 2005). Licensed premises may have both category C and Category D gaming machines and applicants are asked by the Board to consider siting, or may be required to site, Category C machines away from child-friendly areas where no or unsatisfactory measures are in place to deny children and young persons access. Clubs may also have certain types of category B gaming machines and the Board applies the above restriction on child and young person access to these types of machines.

3.12 The Board will also require Applicants to provide details of the times and locations within the premises where children and young persons are to be permitted.

3.13 The Board further recognises that the licensing objectives provide potential reasons for refusal of an application for the grant, variation or transfer of a premises, temporary premises, or provisional licence, or an occasional or extended hours licence under the 2005 Act. In addition that breach of the licensing objectives may provide grounds for reviewing any type of licence under the Act. Conditions attached to any grant of an application under the Act may, be based on any one or more of the 5 licensing objectives.

#### **4 Equalities Mainstreaming Report**

4.1 Angus Licensing Board continues to adopt Angus Council's Equalities and Mainstreaming Report and Equality Outcomes approved by Angus Council. Angus Council is committed to tackling inequalities and this commitment is demonstrated within the report. The Report contains outcomes which are agreed to be key in addressing and making progress with these important issues. The Board has adopted this Report with a view to carrying out its functions in accordance with the outcomes and ethos of the report.

- 4.3 The Equalities and Mainstreaming Report adopted by the Board, along with the outcomes can be found here:

[Equalities Mainstreaming Report and Equality Outcomes \(2019 - 2021\)](#)

## **5 Angus Licensing Board Statement of Licensing Policy**

- 5.1 The Board's current Statement of Licensing Policy has been in effect since August 2018. A link to the Statement of Licence Policy can be found Here:

[Statement of Licensing Board Policy](#)

The Board consistently has regard to this policy when exercising its functions, and any relevant Policy and or statutory provisions are included in every Board Report which is prepared for each item heard by the Board.

## **6. Duty to assess overprovision**

- 6.1 The Board's current Statement of Licensing Policy includes a policy statement to the effect that it has not been possible to identify any locality where data supports a robust and compelling argument that the prevalence of licensed premises has reached, or is close to reaching overprovision. Therefore, there is no presumption against the granting of new licences within any locality in Angus. However, the Board recognises that each application for a premises licence requires to be determined on its own merits and the Board may still refuse an application if it is satisfied, from evidence presented to it, that there would be an overprovision of licensed premises in that locality if the application were to be granted. A review of this overall position will take place when a Review of the Licensing Policy next takes place.

## **7.0 Summary of decisions made by, or on behalf of, the Board**

- 7.1 During the period 1<sup>st</sup> April 2019 – 31 March 2020 the Board heard and determined 6 premises, 3 provisional, 7 non minor variation, 1 extended hours and 3 transfer applications where the Board relieved the applicants of a failure to comply with procedural requirements. Additionally, the Board held a number of hearings, namely:-
- three Personal Licence Review Hearings and three Premises Licence Review Hearings on application from Police Scotland.
  - a Premises Licence Review Hearing following a report from the Licensing Standards Officer in relation to a breach of licence conditions
  - a Personal Licence Application Hearing on receipt of a Notice of Conviction from Police Scotland
  - ten Premises Licence Review Hearings following reports from the

Licensing Standards Officer in relation to non-payment of annual fees.

This represents an increase in the number of hearings being held by the Board with the number of applications staying broadly consistent.

- 7.2 In relation to applications, most applicants attend and many have legal representation to assist them with their application and attendance at the board hearing.
- 7.3 Members of the public are able to attend the Board meetings unless the Board determines to convene in private. Minutes and Agendas are posted on the Council's website.
- 7.4 There are a number of licences which are issued outwith a formal Board setting and are issued in line with the Scheme of Delegation. Occasional Licences are the most common type of application granted in this way.
- 7.5 In assessing applications, the Board used a considerable number of different sources of information to enable them to reach fully considered determinations. These sources included reports from Angus Licensing Standards Officer, Scottish Government Guidance issued to Local Authority Licensing Boards, Police Scotland, NHS Tayside, Angus Drug and Alcohol Partnership, Alcohol Focus Scotland, Scottish Fire and Rescue Service, Scottish Ambulance Service, Local Residents, Angus Local Licensing Forum, Angus Council Services including Building Standards, Environmental and Consumer Protection, Roads, Planning and Safe Events, Councillors' knowledge, information and or submissions made by objectors, members of the public, local licence holders, material from local and national news on alcohol issues and misuse, relevant legislation and applicable case law, as well as guidance and advice obtained from the Board's licensing practitioners.

## **8 Objections**

- 8.1 The Board did not receive any objections or representations in relation to any of the applications received in the past year.
- 8.2 If received, all entertained objections and representations are taken into account in the Board's decision making process. All objectors are invited along to the Board meetings in order to be heard in person in addition to their written representations. The Board, are also able to impose additional conditions which address concerns being raised by objectors and always give reasons for their decisions.

## **9 Licensed Hours**

- 9.1 In granting licences the Board recognises that licensing hours are important

to individual licensed premises, but can have a wider impact for an area. Balanced against this, the Board does not wish to unnecessarily inhibit the development of thriving and safe evening and night time local economies which are important for investment, employment and tourism. The Board considers that the on sale policy hours are appropriate for Angus and represent a balance between the interests of the public, residents, licensed businesses and patrons of licensed premises.

- 9.2 For applications relating to occasional Licences and general licensed premises (except for off sale licensed premises) – the licensed hours permitted by the Board are:-

11.00 am to 12.00 midnight on Sundays  
11.00 am to 12.00 midnight - Monday to Thursdays (Inclusive)  
11.00 am to 1.00 am Friday and Saturday

For applications relating to licensed premises where the activities permitted to be carried on as specified in the operating plan comprise public entertainment ( such as dance halls, discotheques and night clubs) and provided that alcohol is sold as an ancillary to the entertainment , the licensed hours generally permitted by the Board are:-

11.00am to 12.00 midnight on Sundays  
11.00am to 12.00 midnight Monday to Thursdays (inclusive)  
11.00am to 2.00 am Friday and Saturday

- 9.3 In terms of the Act, the sale of alcohol for consumption off the premises is not permitted before 10.00 am and after 10.00 pm. The Board's policy is that maximum available licensed hours of 10.00 am to 10.00 pm each day are generally appropriate for off sales. However, each off sales application is assessed on its own merits against these licensed hours and the Board aims to ensure that the licensing objectives are being promoted in such applications. If this is not demonstrated to the Board, the Board may grant reduced hours for off sales.
- 9.4 Each application for a premises licence is assessed on its own merits against the on sale policy hours appropriate to the type of activity for which a licence is being sought. Where an application received is requesting licensed hours exceeding 14 hours, the Board will require further information for the consideration of such applications and the Board will take into account the effect of granting such a licence will have on the area.
- 9.5 Should an application be received in respect of opening earlier than 11am, the Board will expect the applicant to justify their request and demonstrate measures that promote the five licensing objectives.
- 9.6 Extended hours applications are individually assessed on their own merits. When the extended hours sought are in respect of on sale premises and fall outwith on sale policy hours appropriate to the applicant's premises, the applicant is required to demonstrate to the Board that there are good

reasons for the hours sought and that the hours are appropriate in the circumstances. The applicant will require to provide the Board with sufficient information to enable a decision to be made in this regard. This information will include:-

- the hours sought;
- a description of the special event or occasion;
- the proposed activities to take place during these hours;
- when each activity will take place;
- information regarding steps taken to avoid any extension causing a public nuisance;
- why the event or occasion is considered to be special;
- why the event or occasion cannot take place within the on sale policy hours appropriate to the applicant premises.

## 10 The Angus Local Licensing Forum

- 10.1 The role of the Angus Local Licensing Forum ("the Forum") is to keep under review the operation of the Act in the Angus area, to review the relevant Board functions, give policy advice and make recommendations to the Board as the Forum considers appropriate.
- 10.2 The Forum was first established on 22 November 2007. The Forum's membership consists of premises and personal licence holders, local residents, representatives from Angus Council Health Education and Social Work Service, representatives of the Angus Drugs and Alcohol Partnership (A.D.P), representatives from Police Scotland and the Angus Licensing Standards Officer. The Forum meets on a quarterly basis.
- 10.3 The Licensing Board are formally required to meet with the Forum at least once in each calendar year. They jointly meet every year in October/November and have done so since 2008. They meet in the Town and County Hall, Forfar. It is anticipated that this meeting will take place remotely during the next financial year due to the Coronavirus pandemic. A copy of the joint minute of the Joint meeting of the Forum and the Board held on 1 November 2018 is attached **as Appendix 4**. The Minute of the meeting of the Forum and the Board in 2019 is due to be placed before their Joint Meeting for approval at its meeting in November 2020.

## 11 Conclusion

- 11.1 The Board are delighted to report that licensed premises in Angus have been well run and relatively problem free during the period 01/04/2019 to 31/03/2020. In this respect, the Board congratulates and thanks the licensed trade in its efforts in promoting and upholding the licensing objectives and complying with the Board's Statement of Licensing Policy August.

- 11.2 Whilst the Board accepts that licensed premises in Angus are well run and regulated, the Board will continue to ensure that high standards are maintained and the licensing objectives of the 2005 Act are complied with in the period 01/04/2020 to 31/03/2021.
- 11.3 The Board expresses its extreme gratitude of the efforts of the many officers, partners and stakeholders involved in ensuring that licensed premises in the Angus area are compliant with, and kept well informed of, the requirements of the vast array of licensing legislation and regulations.

## Appendix1

List of Applications determined at the Board 1 April 2019 – 31 March 2020. This table provides a summary of the decisions however, more details can be found within the Minutes of the Board Meetings which are available to view on the Angus Licensing Board section of the website: - [https://www.angus.gov.uk/law\\_and\\_licensing/licensing/angus\\_licensing\\_board](https://www.angus.gov.uk/law_and_licensing/licensing/angus_licensing_board)

12/07/2019	Earles & Co per Jasmine Wheelhouse	Reid Hall	17/10/2019	ON SALES 17/10/2019 - 1830hrs to 2200hrs OFF SALES 17/10/2019 - 1830hrs to 2200hrs	<p>Forfar Reid Hall will be host to The Gin Fayre: Festive Night Market. The fayre aims to showcase a wide variety of gins from different locations in the local area and across Scotland. We will be hosting a variety of exhibitors from different distilleries to showcase their gin brand and talk to visitors about their gin, the distilling process and allow them to learn more, as well as a number of crafters, makers and local products.</p> <p>Each exhibitor will be given space with a table and will be able to offer samples of their gin to guests and sell bottles to take home. There will also be a bar allowing individuals to purchase a long drink, if they require. We will also have water available for guests.</p> <p>This will be a ticketed event. Tickets are priced at 9 and include a welcome cocktail (including 25ml gin), and entry into the event. People will be able to purchase their tickets online in advance of the day, and if there are any remaining tickets available, they will be able to purchase on the door. We will have a team of staff who will be responsible for ensuring the</p>	14/08/2019

					safety of customers during the event. We will be operating a strict Challenge 25 policy on the door. We will not be allowing children into the event.

Sheena Cochrane, Chair of Angus Licensing Forum in the Chair

### 1. **WELCOME AND INTRODUCTIONS**

Sheena Cochrane welcomed all those present to the eleventh Joint Meeting of the Angus Local Licensing Forum and Angus Licensing Board. Thereafter introductions were made.

## **2. MINUTE OF PREVIOUS JOINT MEETING**

There was submitted and noted the minute of meeting of the Joint Meeting of the Angus Local Licensing Forum and the Angus Licensing Board of 2 November 2017.

## **3. ANGUS LOCAL LICENSING FORUM**

Sheena Cochrane, Chairman of the Forum, reminded those present that there was a statutory requirement for the Licensing Board and the Forum to meet together at least once a year. She stressed that the joint meeting marked the continuation of a positive relationship between the Licensing Forum and the Licensing Board and that the Forum had a wide range of knowledge, interests, experience and skills, all of which were available to the Board to help them in developing and exercising their functions.

As a Forum, Mrs Cochrane felt members experience had grown over the past eleven years and were now well on their way to carrying out their remit as set out in the 2005 Act. It was also heartening to have such a good working relationship with the Board.

She advised that the membership of the Forum had remained the same over the past year and thanked Mark Gillespie, LSO for all his reports to the Forum and keeping them up to date with a number of issues like the new Air Weapons and Licensing (Scotland) Act 2015.

There had also been a few changes with the representatives from Police Scotland and she thanked them for their informative reports to the Forum over the last year.

It was noted that the past few months had been very busy for the licensing team due additional work with the Carnoustie Golf Open Championships and the requirement to review the Boards Statement of Licensing Policy which required to be published before 4 November 2018. The Chairman expressed her delight that Forum members had been given the opportunity to comment on this policy and put forward suggestions.

She informed the members that during the last year she had attended an information session at Dundee House run by Alcohol Focus Scotland on 27 November 2017, where members were given the opportunity to discuss how each of the areas could promote and utilise the licensing resources/toolkits that they had recently published to support decision making and community involvement with regards to licensing in local communities. This session had proved very useful as it provided an overview of these materials.

Disappointment was expressed at the decision taken by East Ayrshire Council on 14 August 2018 not to pursue the establishment of a National Licensing Forum due to the lack of interest from other Licensing Forums. She advised that she felt that this was a missed opportunity and felt that it would have been beneficial to our members as it could have acted as a sounding board for all Licensing Forums and helped members to exchange best practice ideas and discuss issues at a National level.

It was also noted with regret that the Beautiful Angus Garden Competition which had been open to Licenced Premises and helped encourage local licensed premises to make the most of their outside space and street fronts had been put on hold this year due to lack of interest. It was hoped in future that the format of the competition be reviewed and expanded to include a number of different awards.

In conclusion, Mrs Cochrane thanked Forum members for their commitment to take their role seriously and attending meetings without fail. She also thanked Angus Council for the administrative and financial support which had been given to the Forum in the past year.

On behalf of members of the Forum Mrs Cochrane expressed her appreciation of the assistance and advice provided to the Forum by Mark Gillespie, LSO and Tina Magson, Solicitor over the past few years, and wished them every success in their new posts.

#### **4. ANGUS LICENSING BOARD**

On behalf of the Board, the Convener, Councillor Craig Fotheringham, expressed their appreciation for the opportunity to hold an annual joint meeting and indicated that it underpinned the mutual benefit of working together for the people of Angus. Both organisations strived constantly to encourage responsible drinking within the County and to work towards reducing anti-social behaviour.

Councillor Fotheringham advised that since the last joint meeting of the Angus Licensing Board and Licensing Forum on 2 November 2017, the Angus Licensing Board has met on eleven occasions and during these meetings the Board has dealt with the following matters : -

- 3 new premises licence applications
- 2 provisional premises licence applications
- 10 requests to vary premises licences
- 1 review of premises licence
- 1 review of premises licences for non-payment of fees
- 2 matters pertaining to Personal Licences
- 3 Extended Hours applications
- 6 Occasional Licence applications

The following applications were also dealt with in accordance with the Scheme of Delegation:

- 595 Occasional Licence applications
- 11 Extended Hours applications
- 80 Personal Licence applications
- 66 Requests for minor variation or transfer
- 1 Premises licence has been surrendered

As of 8 October 2018 there were 345 premises licences in-force;

- 111 on-sales
- 149 on/off sales
- 85 off sales

It was noted that in August 2018, the Licensing Board reviewed its Statement of Licensing Policy. Following an extensive consultation process and after hearing submissions from

representatives from Police Scotland, Angus Alcohol and Drugs Partnership, a licensing solicitor, Alcohol Focus Scotland and the Licensing Standards Officer, the Board agreed to determine that there was no overprovision of any type of licensed premises within Angus.

As well as amendments made to bring the Policy in line with legislation, the Board also agreed that:

- Applications for major variations were to include a statement that demonstrated how they would satisfy the licensing objectives.
- Licence holders were to adopt efficient policies and procedures to ensure open drink containers, bottles and empty glasses were not removed from the premises.
- The Board would now look to applicants for occasional licences to demonstrate that the licence is for a special event. The Board expected applicants to submit a full premise licence application following the submission of no more than 4 occasional licence applications. This was to avoid the occasional licence process being used as a means to circumvent the full premises licence process.
- Boxing Day be added to the Festive Hours Seasonal Variance extensions.

It was also reported that work was also currently underway to review the Boards Statement of Gambling Policy.

The Convener advised that as minimum alcohol pricing had come into effect on 1 May 2018, it was a duty of the Licensing Standards Officer that he conducted checks to ensure that the licence holders were pricing their products in accordance with legislation.

He concluded by thanking the Licensing Team for their most willing support, guidance and advice and also thanked the Board members for their wealth of knowledge, experience and wisdom which they constantly bring to all Licensing Board meetings and matters. The Board also appreciated the most valuable attendance and input from Police Scotland, ECP and Building Standards Officers who frequently have to endure lengthy meetings and deliberations without being called to comment. Their presence was much appreciated.

He wished the Licensing Forum every success in the year ahead and hoped to continue to attend future meetings.

## **5. UPDATE BY POLICE SCOTLAND**

PC Forsyth gave members an update on the work currently being undertaken by Police Scotland and explained to Angus Licensing Board members how it was important to have early intervention regarding any troublesome licensed premises as it was found that this approach helped avoid further problems in the future.

She advised that Sgt Ryan MacDonald had recently been appointed to the Licensing section and he hoped to meet with Board members, Forum members and the LSO on a regular basis to discuss any issues.

The Chairman thanked PC Forsyth for her update.

**6. CHIEF CONSTABLES REPORT TO ANGUS LICENSING BOARD**

There was submitted and noted the Chief Constables Report to the Angus Licensing Board for the period 1 April 2017 to 31 March 2018.

**7. ANNUAL FUNCTIONS REPORT – SECTION 9A OF THE LICENSING (S) ACT 2005**

There was submitted and noted for information, Report No LB 52/18 by the Clerk advising of the new statutory requirement to produce an Annual Functions Report and presenting the first Annual Functions Report for the period 1 April 2017 to 31 March 2018 as detailed in Appendix 1 to the Report.

The Report indicated that on 20 December 2017, Section 56 of the Air Weapons and Licensing (Scotland) Act 2015 amended Section 9 of the Licensing (Scotland) Act 2005 and inserted a new Section 9A which obliged all Licensing Board to produce an Annual Functions Report no later than 3 months after the end of each financial year ending on 31 March.

The members noted the information provided.

**8. GENERAL DISCUSSION**

Following some discussion regarding tighter controls in relation to Energy drinks being sold to children and an update regarding the forthcoming refresher training for Personal licence holders, Mrs Cochrane in conclusion, thanked all those present for their attendance and contribution to what had been a successful joint meeting which marked the continuation of a positive relationship between the Local Licensing Forum and the Licensing Board.

**9. TIMETABLE OF MEETINGS FOR 2019**

It was agreed that the Forum meet on the following dates:-

Monday 25 February 2019

Monday 3 June 2019

Thursday 31 October 2019 (Joint meeting with Angus Licensing Board).
