#### **10. PUBLIC ENTERTAINMENT LICENCES – FEES**

With reference to Article 5 of the minute of meeting of this Committee of 23 February 2017, there was submitted Report No 163/17 by the Head of Legal and Democratic Services which invited the Committee to consider what actions, if any, required to be taken in respect of fees charged for Public Entertainment Licences obtained by Community Councils.

The Report advised that in the year to 31 December 2016, two Public Entertainment Licences had been obtained by Community Councils which "under the current fee structure" would have generated income of £1,000. If the Committee were minded to recognise that the role of Community Councils in the Community were such that merited them benefitting from the discount applied to organisations with charitable status then this would result in a reduction in income of £930.

It was noted that 83 Public Entertainment Licences had been granted to charitable organisations in the same period and the reduction in income could possibly be off-set by an increase in the discounted fee applied to organisations with charitable status (and including Community Councils) from £35 to £47.

Discussion took place and the Committee agreed that the Report be deferred to enable officers to submit a new fee structure which should include an increase in the discounted fee applied to organisations with charitable status (and including Community Councils) from £35 to £47 and that the three year licence which was 175% of one year licence fee be increased to 200%.

The Committee heard from Mr Scott Ferrier, Taxi Operator, Forfar who urged the Committee to approve option 2 as detailed in the Appendix to the Report. He advised that an increase was required to help alleviate the various costs and overheads incurred by the Taxi Operators.

The Committee considered information received from the Head of Technical and Property Services dated 24 May 2017 in relation to an application for a Street Trader's Licence-fixed pitch received on 5 April 2017 (ST10).
