ANGUS COMMUNITY PLAN PERFORMANCE REPORT - UPDATE (ADDENDUM)

REPORT BY VIVIEN SMITH, DIRECTOR OF STRATEGIC POLICY, TRANSFORMATION AND PUBLIC SECTOR REFORM

ABSTRACT

This addendum advises Members of amendments received within the Angus Community Planning Annual Report 2020 – 2021. Officers recommend that Council considers the revisions alongside the report published as Appendix 1.

1. RECOMMENDATIONS

It is recommended that the Council:

- (i) Notes the amendments received from partners contained within the previously published Appendix 1 (also attached to this addendum) (pages 51-83 of the combined papers).

2. UPDATED POSITION

- 2.1 Following the publication of the papers three amends have been picked up and are shown below for clarity:-
- 2.2 Page 64 of the combined papers - Indicator under People for 20/21 – The child poverty indicator reads 18% for 2020/21 and should read N/A (data available in 2022). The measure used in the Community Plan Performance Report is % children in poverty after Housing costs, the 18% was incorrectly added from the Child Poverty action report and is % of children in relative poverty.
- 2.3 Page 65 of the combined papers – The percentage heading 'Percentage dwellings that fail the Scottish Housing Quality Standard' had been duplicated and the table should read:-
