**2. ALIGNMENT TO THE COUNCIL PLAN**

2.1 This report contributes to the following strategic priorities in the Angus Council Plan, we want:

- To maximize inclusion and reduce inequalities
- Our communities to be strong, resilient and led by citizens

2.2 In light of the COVID-19 pandemic we have looked again at our priorities to best support our people and our businesses in Angus to recover and renew over the short, medium and longer term. We have looked at our response to COVID-19, the strong partnerships developed, the pace at which we responded and how we adapted our ways of working to support our citizens.

2.3 As will be evident from the report contents, the Council and Third Sector Partners continue to be on the front line in providing support to people in response to and recovery from the pandemic and these support actions will contribute to many of the priorities and ambitions in the Council Plan.

**3. BACKGROUND**

3.1 Reference is made to Report 216.21 considered by the Council at its meeting of 24 June 2021, which gave background on the range of grants being provided and how these would be managed through a mixture of delegated authority and seeking prior member approval. This report covers the use of funding which although intended by the Scottish Government to help Councils provide support to local communities involves discretion and choice on how the Council does that.

3.2 Responding to the pandemic continues to be a huge challenge and this report therefore seeks member agreement to use some of the Government COVID-19 funding provided to the Council where the Council is able to use the funding on a discretionary basis.

**4. CURRENT POSITION**

**4.1 Level 4 Flexible Fund, Angus Council Allocation £653k**

4.2 Angus has received a Flexible Fund allocation of £653,000, of which £590,238 has been spent to date, and £62,762 remains to be spent.

## 5. PROPOSALS

- 5.1 Details of the individual projects for which formal approval is sought are contained in Appendix 1 in this report. The Grants Assessment Panel and Grants Sub-Group of officer's views were sought regarding the proposed projects and the recommendations are noted in Appendix 1.
- 5.2 Further reports will be presented to Council/Committee, if and when further project approvals are sought during the financial year.

## 6. FINANCIAL IMPLICATIONS

- 6.1 The financial impact is covered by additional government funding provided to the Council as COVID-19 funding for specific schemes the Government has asked Councils to administer on their behalf.
- 6.2 A summary of the financial implications are outlined in the table below if the Council are minded to agree all the proposed projects.
