Subject: Application for an Extension of the road at Meadowbank Gardens, Wellbank

Dear Team

I have just been made aware of this application.

I would like to raise objection to this application as it is entirely unnecessary in my opinion. The existing access to the field area beyond the road end I am sure remains entirely adequate and there is no requirement for additional access from our quiet cul-de-sac.

It has been pointed out in previous applications about the very restrictive junctions both at Gagiebank Drive and top of Meadowbank Gardens, which are not suitable to handle more traffic, which would inevitably ensue, should further development occur, which I trust is the root of this application.

Additional traffic also poses obvious hazards to children, and residents who chose to live here to avoid that very aspect.

Yours Sincerely

Jim Dryden
