**Dear sirs**

**I must immediately strongly oppose any extension to the footpath at the end of Meadowbank Gardens Wellbank by Clova Farms Ltd. This is a bad idea as anyone who stays in Meadowbank Gardens knows , we already have a serious problem with cars and vehicles unable to get into their properties due to irresponsible parking down here . The last thing we need is any agricultural vehicles trying to access or exit at the end of the cul de sac. Please keep in mind this is a residential area and the road here is very narrow in parts . I am sure alternative access could be gained elsewhere. We have already been severely disrupted more than enough with the 4 houses that were built at Wellbank Mews between delivery lorries, workies vans and their machinery and irresponsible parking . Please look at this application again before any decision is made.**

**Yours sincerely**

**Andrew & Carole MacPherson**
