Subject: Exclusion zone

Mommy

Sent from my iPad

We would like to object to the exclusion zone that is being trialled at Muirfield school our reasons are

1.why do we need more restrictions when we already have double yellow lines (that work well).

2.The restrictions stop workmen .deliveries , family and friends from entering and leaving the street during the exclusion times which will then increase the already busy Arbirlot road west rd at peak times with parents parking there ,it also making the lollipop ladies job harder .

3.Restriction times are longer than it needs to be , the school gates get locked at9.05 am and you can only gain entry from school rd hospitalfield main entrance after this time ,afternoons the school comes out at 3.10 we believe and the road is clear of any children by 3.30 pm.

4. A consultation with the residents in the street to find out if the restrictions were necessary in the first place would've We believe, have been resolved without all the work and time spent putting in flashing lights and signs .

Mr and Mrs R Milne
