Your enquiry: I wish to complain about the proposal to make all 20mph limits permanent.I agree that the limits near primary schools should be mandatory.All the others should only remain after meaningful public consultation in each case.In my opinion some hardly merit a 30mph limit let alone 20mph.Some do not even have houses on both sides of the road and are rural in nature.Large amounts of taxpayers money has already been wasted on this scheme.Enough is enough !.

Surely as a bare minimum statistics of road accidents involving injury should be produced in each case.
