Subject: Angus Council [Space for People][Variation of Speed Limits] Order 202X

Dear Sirs

Re your proposal to make an order under Road traffic Regulation Act 1984 for the purpose of making permanent in various burghs and villages including Fowlis village the present temporary 20 mph. speed restriction,

We write to support the retention of this temporarily reduced speed limit from 30 > 20 mph on a permanent basis for the safety of Fowlis village residents. Further because there are a number of families with young children living on all 4 entrance roads to the village we would urge that the new `temporary` speed restriction signage should be reinforced with yellow road stripes or other calming devices to deter much private traffic and commercial light freight traffic from routinely ignoring the warning signs and entering the village boundary at excessive speeds.

With thanks
