4.2 Budget Savings (see Appendix A for details)

The Council's financial challenges mean that savings in existing budgets must be made to achieve a balanced budget overall. Budget savings help to offset the additional costs arising from budget issues and other cost increases such as pay and general inflation.

The Council's Change Programme as set out in the Finance & Change Plan (Report 40/23 refers) covers all of the savings being proposed in the Council's budget over the financial years 2023/24, 2024/25 and 2025/26. The budget savings proposed to be applied to the Directorate's 2023/24 budget and which elected members are being asked to approve are set out in Appendix A. The proposed budget savings for financial years 2024/25 and 2025/26 included in Appendix A are indicative only at this point – final decisions on those savings will be made as part of the budget setting process for those financial years.
