**REPORT BY MARGO WILLIAMSON, CHIEF EXECUTIVE, ANGUS COUNCIL**

**ABSTRACT**

This report presents the Angus Adult Protection Committee Biennial Report for 2020 to 2022. Angus Council has a statutory responsibility to convene the multi-agency Adult Protection Committee, which is chaired by Mr Ewen West, Independent Chair in accordance with national requirements. A number of Angus Council services are members of the Adult Protection Committee reflecting both the multi-faceted nature of risk and the whole system responsibility to support its mitigation. Section 46 of the Adult Support and Protection Act (Scotland) 2007 requires the Convenors of Adult Protection Committees to produce a biennial report analysing, reviewing, and commenting on Adult Protection Committee functions and activities in the preceding two years.

**3. BACKGROUND**

3.1 The Biennial report of Angus Adult Protection Committee for the period April 2020 to March 2022 presents the work we have undertaken in Angus individually and in partnership, to deliver national, Tayside and local adult protection outcomes to improve the lives of vulnerable adults.

- 3.2 There is a statutory requirement for the Adult Protection Committee to produce Biennial Reports that provide an overview of the work of local Adult Protection Committees.
- 3.3 The Biennial Report for 2020 to 2022 has been approved by AAPC on 7 December 2022 and the Angus Chief Officers Group on 23 January 2023.

#### **4. CURRENT POSITION**

- 4.1 AAPC members have continued to work together in partnership to improve adult protection practice in Angus. Of note during the reporting period 2020 to 2022:
- 4.2 Over the preceding 4 years, adult protection referrals were consistently circa 400 per annum. The period April 2020 to March 2021, saw a 79% year on year increase in the number of adult protection referrals to 728.
- 4.3 In previous years, we had noted recurring increases in the number of 'adults at risk' within Angus. In 2019/2020 there were 46, increasing to 87 in 2020/2021 and for the last year of this biennial reporting period 2021/2022, the number increased again to 113, this represents a substantial increase.
- 4.4 Financial and physical harm have consistently been the principal type of harm for adults involved in adult protection processes; with financial harm accounting for the highest principal type of harm in 2019/20 and in 2020/21 and physical harm in 2021/22.
- 4.5 AAPC has actively promoted a culture of learning, particularly through engaging members to encourage and promote the identification of cases for learning review. The Significant Case Review (SCR) O18 was published in August 2020, along with an SCR (Isabelle) by Angus Child Protection Committee. A Learning Pack was developed to support the dissemination of learning from these SCRs across the multiagency workforce.
- 4.6 The most significant practice evaluation undertaken in the reporting period was the Significant Case Review, P19. The review made 59 recommendations which were accepted in full by AAPC. Significant work has been progressed on delivering on the improvements arising from the recommendations which impacted across local and national policy and practice.
- 4.7 A series of Network of Support sessions held have provided opportunities, led by staff involved in the case, to discuss real-life practice issues and to discuss emerging themes, what worked well and the outcomes for the adult. Such activities are essential to continuing to create a learning culture and opportunity for respectful professional challenge across the multiagency partnership.
