Angus Council – MMcD

Working on budget currently, and how services work and how they are run.

Press have been unfair and no assurances have been made, and all that was said was that they would not make the mistakes of the administration.

Usual case work – antisocial behaviour – police said they would increase patrols.

Tay Cities funding – is the continuation of old projects – years old. It was infrastructure developments eg Drone port – Montrose for off shore – carnoustie couldn't do.

Electrification of network rail – no current discussion – active proposals.

Banking hub – challenge of the empty and suitable building.

Many shops looking like their closed? Is there just rate relief on shops?

Barry Downs – housing next to it – problem of buses – Monifieth & Barry – buses were flagged down – *now not upped*.

Lochty burn steps – rocks have moved. Also, playpark and paddling pool needs to be checked prior to holidays.

Helen Adam (previous teacher and active citizen)– remembrance = Naming a street in new Kinloch housing complex/development? Also David Mackland.

Roads – potholes and cracks after flooding.

Taymouth street – report to access line

Action – *dates for banking hub opening? Busses and Barry Downs Area, Playparks flagged, idea for street names – David Mackland & Helen Adam*

Query of Shop fronts not being used - Need to contact Economic Development

Contact Mark McDonald if any issue

Action – *report unsocial behaviour to the police.*

Community Update– Hong

Training opportunities for Community Council & Planning Aid Scotland training to come.

Update – projects update = Maule Street – Parks department staff looking at costs – full drawing shortly with costs. Also Kinloch site - Jamie Ross – not until end of 2023 at least. Panmure Street – group being supported and next step to put a briefing on works to be done.

Bio- Diversity focused project – progress monitored. Youth pop up event in Carnoustie between DWP and Voluntary Action Angus in conjunction with Carnoustie High School.

Action – *VAA stall – Natalie to put our name down.*

Action - *Hong to let us know when Planning Aid Scotland training. Turas training available for Community councils. Also to send link for bio-diversity project.*

Monday 27th March = training 6:15pm start till 8 with short business meeting (ask councillors to attend if urgent events otherwise written report – questions to PHM by 20/3/23 for councillors)
Natalie to book sandwiches from Take on tracks.

Dalhousie Lodge

18 months tenure – 12 charities – small organisation. Unique – 1882 started in Maule Street Bowling club. Like to be involved in gala committee, dinner in December. (only 4 areas use the McBride ritual for freemasons).

Action – *Michael to pass details for stall for Gala to the lodge*
