Appendix 3	Link to list of Current licensed premises
Appendix 4	Minutes of the Angus Local Licensing Forum and Angus Licensing Board 25 November 2021

1. Background

- 1.1 The Angus Licensing Board ("the Board") is constituted under Section 5 and Schedule 1 to the Licensing (Scotland) Act 2005 ("the Act") as amended. The Board is the licensing authority for the local government area of Angus for the purposes of the Act. The main administrative centre for Angus Council is based at Angus House, Orchardbank Business Park, Forfar, DD8 1AN.
- 1.2 Angus shares its borders with the City of Dundee, Perth & Kinross, and Aberdeenshire Councils and covers around 2182 square kilometres benefiting from 93km of coastline. Around 116,000 people live within the area which is set on the east coast of Scotland. The seven main towns in Angus are Arbroath, Brechin, Carnoustie, Forfar, Kirriemuir, Monifieth and Montrose.
- 1.3 This report is prepared on an annual basis as required by the Act¹. It will cover the Board's activity for the last financial year. There is additional information about the Board and its decisions on its website: -

[Angus Licensing Board](#)

2. The Licensing Board

- 2.1 The Board in respect of 1 April 2022 to 31 March 2023 was formed around May 2022 following the local government elections and comprises nine members, all of whom are elected members of Angus Council.
- 2.2 Over 30th, 31st May and 8th July 2022, all 9 current members received the statutory day's training from Alcohol Focus Scotland in licensing legislation and Board functions. This included a post training examination which required them to pass with a minimum of 75%. They all passed. Since this initial training, and during the course of the last financial year, Board members continue to be notified of changes in the legislation when required and continue to keep their own knowledge up to date. The Board members have attended training, along with the wider group of Elected Councillors, which focused on good decision making and good governance and part of the training focused on quasi-judicial proceedings.
- 2.3 The Board recognises the need for development of understanding and awareness of licensing law and practices and having up to date knowledge of the effects of alcohol on people across Angus. The Board are of the view that this is essential to making informed licensing decisions.
- 2.4 In the year from 1st April 2022 to 31st March 2023, the Board convened on eight occasions to determine the applications and reviews as shown at **Appendix 1**. Applications permitted to be dealt with in accordance with the Board's Scheme of Delegation are shown at **Appendix 2**. A list of licensed premises in Angus can be found on the online licensing Register. A link to this is

¹ Section 9A of the Licensing (Scotland) Act 2005

provided at **Appendix 3**.

- 2.5 Applications and reviews before the Board were dealt with in an open and transparent manner in accordance with current licensing legislation, the Scottish Government Guidance issued to Local Authority Licensing Boards and the Board's Statement of Licensing Policy. Despite the challenges brought by COVID – 19 restrictions, the Board's business has been able to continue through remote meetings and hearings. Members of the public, along with applicants, have been able to engage with meetings via live streaming and via Microsoft Teams/Zoom.
- 2.6 The Board is fully aware of the need to ensure that the licensing process is accessible to all and thus information and assistance is always available on request for those who require special arrangements to access any part of the process.
- 2.7 At the Board meetings, the Board attempts to make the process as informal as possible while remaining consistent with the carrying out of the Board's quasi-judicial function. The Board always attempts to follow best practice in enforcement including adoption of standards, which will, in its actions, be proportionate, accountable, consistent, transparent and targeted.
- 2.8 The Board recognises the benefits that remote meetings can bring. Through the use of this technology, the Board has managed to continue progressing the business of the Board and applicants and licence holders have responded positively to engaging with the remote meetings. This has ensured that businesses have been able to apply for changes to their licences to ensure the smooth running of their business at an otherwise difficult time.
- 2.9 Under the Act, the Board is responsible for considering applications for:-
 - premises licences
 - provisional premises licences
 - temporary licences
 - occasional licences
 - personal licences
 - transfer of premises licences
 - variation of premises licences
 - extensions of licensing hours in respect of:
 - the sale of alcohol by retail; and
 - the supply of alcohol in members clubs

3. The Licensing Objectives

3.1 Section 4 of the Act sets out the following five licensing objectives ("the licensing objectives"):-

- preventing crime and disorder
- securing public safety
- preventing public nuisance
- protecting and improving public health, and
- protecting children and young persons from harm

3.2 The licensing objectives represent the principles upon which the licensing system is based. In exercising its functions under the Act, the Board has full regard to the licensing objectives. The Board acknowledges that the five licensing objectives carry equal weight and importance and are of paramount consideration when they are exercising their responsibilities. The Board recognises that its function is in respect of the licensing regime. It focuses its determinations, when relevant, on the licensing objectives for matters which are directly related to the sale of alcohol, in accordance with case law.

3.3 Angus Council has byelaws in place prohibiting drinking in certain public places within the Burghs of Brechin, Carnoustie, Montrose, Forfar, Arbroath and Kirriemuir. These byelaws are intended to assist in making safe all public areas covered by them and further assist the Board in ensuring the licensing objective of securing public safety is being met. The Board is obligated to review these Byelaws every ten years.

3.4 The Board further recognises that the licensing objectives provide potential reasons for refusal of an application for the grant, variation or transfer of a premises, temporary premises, or provisional licence, or an occasional or extended hours licence under the 2005 Act. In addition, that breach of the licensing objectives may provide grounds for reviewing any type of licence under the Act. Conditions attached to any grant of an application under the Act may, be based on any one or more of the 5 licensing objectives.

4 Equalities Mainstreaming Report

4.1 Angus Licensing Board continues to adopt Angus Council's Equalities and Mainstreaming Report and Equality Outcomes approved by Angus Council. Angus Council is committed to tackling inequalities and this commitment is demonstrated within the report. The Report contains outcomes which are agreed to be key in addressing and making progress with these important issues. The Board has adopted this Report with a view to carrying out its functions in accordance with the outcomes and ethos of the report.

4.2 The Equalities and Mainstreaming Report adopted by the Board, along with the outcomes can be found here:

[Equality Mainstreaming Report](#)

5 Angus Licensing Board Statement of Licensing Policy

- 5.1 The Board's current Statement of Licensing Policy has been in effect since August 2018. A link to the Statement of Licence Policy can be found Here:

[Statement of Licensing Board Policy](#)

The Board consistently has regard to this policy when exercising its functions, and any relevant Policy and or statutory provisions are included in every Board Report which is prepared for each item heard by the Board. Any departures from policy have been reasoned out and determined on a case by case basis.

6. Duty to assess overprovision

- 6.1 The Board's current Statement of Licensing Policy includes a policy statement to the effect that it has not been possible to identify any locality where data supports a robust and compelling argument that the prevalence of licensed premises has reached, or is close to reaching, overprovision. Therefore, there is no presumption against the granting of new licences within any locality in Angus. However, the Board recognises that each application for a premises licence requires to be determined on its own merits and the Board may still refuse an application if it is satisfied, from evidence presented to it, that there would be an overprovision of licensed premises in that locality if the application were to be granted. A review of this overall position will take place when a Review of the Licensing Policy next takes place.

7. Summary of decisions made by, or on behalf of, the Board

- 7.1 During the period 1 April 2022 – 31 March 2023 the Board heard and determined the applications detailed within Appendix 1.
- 7.2 In relation to applications, most applicants attend and many have legal representation to assist them with their application and attendance at the board hearing.
- 7.3 Members of the public are able to attend the Board meetings (remotely during this financial year) unless the Board determines to convene in private. Minutes and Agendas are posted on the Council's website.
- 7.4 There are a number of licences which are issued out with a formal Board setting and are issued in line with the Scheme of Delegation. Occasional Licences are the most common type of application granted in this way.

7.5 In assessing applications, the Board can use a considerable number of different sources of information to enable them to reach fully considered determinations. These sources can include reports from Angus Licensing Standards Officer, Scottish Government Guidance issued to Local Authority Licensing Boards, Police Scotland, NHS Tayside, Angus Drug and Alcohol Partnership, Alcohol Focus Scotland, Scottish Fire and Rescue Service, Scottish Ambulance Service, Local Residents, Angus Local Licensing Forum, Angus Council Services including Building Standards, Environmental and Consumer Protection, Roads, Planning and Safe Events, Councillors' knowledge, information and or submissions made by objectors, members of the public, local licence holders, material from local and national news on alcohol issues and misuse, relevant legislation and applicable case law, as well as guidance and advice obtained from the Board's licensing practitioners.

8. Objections

8.1 If objections are received, all entertained objections and representations are taken into account in the Board's decision-making process. All objectors are invited along to the Board meetings in order to be heard in person in addition to their written representations. The Board are also able to impose additional conditions which address concerns being raised by objectors and always give reasons for their decisions.

9. Licensed Hours

9.1 In granting licences the Board recognises that licensing hours are important to individual licensed premises but can have a wider impact for an area. Balanced against this, the Board does not wish to unnecessarily inhibit the development of thriving and safe evening and night time local economies which are important for investment, employment and tourism. The Board considers that the on sale policy hours are appropriate for Angus and represent a balance between the interests of the public, residents, licensed businesses and patrons of licensed premises.

9.2 For applications relating to occasional Licences and general licensed premises (except for off sale licensed premises) – the licensed hours permitted by the Board are:-

- 11.00 am to 12.00 midnight on Sundays
- 11.00 am to 12.00 midnight - Monday to Thursdays (inclusive)
- 11.00 am to 1.00 am Friday and Saturday

For applications relating to licensed premises where the activities permitted to be carried on as specified in the operating plan comprise public entertainment (such as dance halls, discotheques and night clubs) and provided that alcohol is sold as an ancillary to the entertainment, the licensed hours generally permitted by the Board are:-

11.00am to 12.00 midnight on Sundays
11.00am to 12.00 midnight Monday to Thursdays (inclusive)
11.00am to 2.00 am Friday and Saturday

- 9.3 In terms of the Act, the sale of alcohol for consumption off the premises is not permitted before 10.00 am and after 10.00 pm. The Board's policy is that maximum available licensed hours of 10.00 am to 10.00 pm each day are generally appropriate for off sales. However, each off sales application is assessed on its own merits against these licensed hours and the Board aims to ensure that the licensing objectives are being promoted in such applications. If this is not demonstrated to the Board, the Board may grant reduced hours for off sales.
- 9.4 Each application for a premises licence is assessed on its own merits against the on sale policy hours appropriate to the type of activity for which a licence is being sought. Where an application received is requesting licensed hours exceeding 14 hours, the Board will require further information for the consideration of such applications and the Board will take into account the effect of granting such a licence will have on the area.
- 9.5 Should an application be received in respect of opening earlier than 11am, the Board will expect the applicant to justify their request and demonstrate measures that promote the five licensing objectives.
- 9.6 Extended hours applications are individually assessed on their own merits. When the extended hours sought are in respect of on sale premises and fall out with on sale policy hours appropriate to the applicant's premises, the applicant is required to demonstrate to the Board that there are good reasons for the hours sought and that the hours are appropriate in the circumstances. The applicant will require to provide the Board with sufficient information to enable a decision to be made in this regard. This information will include:-
- the hours sought;
 - a description of the special event or occasion;
 - the proposed activities to take place during these hours;
 - when each activity will take place;
 - information regarding steps taken to avoid any extension causing a public nuisance;
 - why the event or occasion is considered to be special;
 - why the event or occasion cannot take place within the on sale policy hours appropriate to the applicant premises.

10. The Angus Local Licensing Forum

- 10.1 The role of the Angus Local Licensing Forum ("the Forum") is to keep under review the operation of the Act in the Angus area, to review the relevant Board functions, give policy advice and make recommendations to the

Board as the Forum considers appropriate.

- 10.2 The Forum was first established on 22 November 2007. The Forum's membership consists of premises and personal licence holders, local residents, representatives from Angus Council Health Education and Social Work Service, representatives of the Angus Drugs and Alcohol Partnership (A.D.P), representatives from Police Scotland and the Angus Licensing Standards Officer. The Forum intends to meet on a quarterly basis.
- 10.3 The Forum has met less frequently during the last few years as a result of COVID-19 restrictions and options for how this will operate in the future are being considered.
- 10.3 The Licensing Board are formally required to meet with the Forum at least once in each calendar year. They jointly meet every year in October/November and have done so since 2008. A copy of the joint minute of the Joint meeting of the Forum and the Board held on 25 November 2021 is attached as **Appendix 4**. The Minute of the meeting of the Forum and the Board in 2022 is due to be placed before their Joint Meeting for approval at its meeting in November 2023.

11. Conclusion

- 11.1 The Board are fully aware of the extreme difficulties experienced by the Angus licensing trade since March 2020 as a direct result of the COVID 19 Pandemic. The Board recognises the detrimental human cost and financial impact made upon the trade and have aimed as always, to assist the trade where they could. The Board wishes every licensed premises in Angus the very best of wishes in their recovery.
- 11.2 Whilst the Board accepts that licensed premises in Angus are well run and regulated, the Board will continue to ensure that high standards are maintained and the licensing objectives of the 2005 Act are complied with in the period 01/04/2023 to 31/03/2024.
- 11.3 The Board expresses its extreme gratitude of the efforts of the many officers, partners and stakeholders involved in ensuring that licensed premises in the Angus area are compliant with, and kept well informed of, the requirements of the vast array of licensing legislation and regulations.

Appendix1 TO REPORT LB29/23

List of Applications determined at the Board 1 April 2022 – 31 March 2023. This table provides a summary of the decisions however, more details can be found within the Minutes of the Board Meetings which are available to view on the Angus Licensing Board section of the website: - [Angus Licensing Board](#)

10/03/2023	Carnoustie Golf Centre	Carnoustie Golf Links	03/04/2023 16/04/2023	10.00 to 21.00	<p>The alcoholic products for sale will be a small selection of Malt Whisky 70cl bottles for sale as gifts. A limited range of bespoke branded 440ml cans lager and stout and 5cl miniature Whisky will be available. All items are sold in sealed containers. Water and soft drinks are also available. Alcoholic products are available for off sale only. We will adopt a sensitive approach to displaying alcohol within the Pro-shop. It will not be a self-serve as all stock will be held in fridges only accessible by staff (as highlighted below in green within 600 x 1000 fridges within the existing counter space, as shown on the attached floor plan.) To give you an idea of the look and feel we have mocked up a display, please see attached photograph. Customers will need to ask for any alcoholic products at the till point which will remain manned throughout the extent of the opening hours.</p>	31/03/2023

					<p>Stock will be replenished as and when via a nearby fridge located the stock room. For security & safeguarding purposes, all stock is kept in secure and locked locations. Two members of the senior Pro Shop team have been trained, and are personal license holders and will be responsible for ensuring compliance with all relevant laws and training other team members.</p>	
16/03/2023	Carnoustie Golf Centre	Carnoustie Golf Links - On Course	06/04/2023 19/04/2023	10.00 to 21.00	<p>The alcoholic products for sale will be a small selection of Malt Whisky 5cl miniatures. A limited range of lager in 440ml cans. We will not sell mainstream products, instead we will have our own range of branded products. All items are sold in sealed containers. Water and soft drinks will also be available. Alcoholic products are available for off sale only by contactless payment. Alcohol sales on a golf course is now an expectation but this must be done tastefully and in keeping with the venue. We feel our approach to the branded goods and the point of display is a very tactile way of introducing this new product & service. The alcohol available for purchase is to be displayed and sold from a secure vehicle which will be continually manned by a trained staff member who is a Personal License holder. Vigilance will remain a key point with this new offer and our staff will</p>	31/03/2023

					<p>receive continual training and guidance to support the safe selling and consumption of alcohol here at Carnoustie. Both the Golf Ranger and the Bar staff member located on the 8th Tee will be linked into the communications system that will give them access to the Golf Ops team and Greenkeepers should an event occur that requires immediate support. CGLMC will enforce a strict policy of age verification and refusal of sale to anyone who is either unable to confirm their age or is intoxicated to the point that any more alcohol would be detrimental. Regarding any behavioural incidents, staff will be trained on dealing with difficult customers and how to manage a refusal of sale. Should there be any behaviours that are not in-keeping with our expectations we will apply our already well-established policies which could result in the removal of a customer and in the extreme events the involvement of the police.</p>	
24/03/2023	Letham Bowling Club	Letham Bowling Club	04/04/2023	11.00 to 16.00	Funeral wake for the family and friends of a former club member.	31/03/2023

Board Date

APPENDIX 3 TO REPORT LB29/23

An up-to-date list of currently licensed premises in Angus can be found on our online Licensing Register:

Apologies: An apology for absence was intimated on behalf of BRUCE SHERIDAN, Holder of a Personal Licence

Sheena Cochrane, Chair of Angus Licensing Forum in the Chair

1. WELCOME AND INTRODUCTIONS

The Chairman welcomed all those present to the fourteenth Joint Meeting of the Angus Local Licensing Forum and Angus Licensing Board. Thereafter introductions were made.

2. MINUTE OF PREVIOUS JOINT MEETING

There was submitted and noted the minute of meeting of the Joint Meeting of the Angus Local Licensing Forum and the Angus Licensing Board of 26 November 2020.

3. ANGUS LOCAL LICENSING FORUM

Sheena Cochrane, Chair, reminded those present that there was a statutory requirement for the Licensing Board and the Forum to meet together at least once a year. She stressed that the joint meeting marked the continuation of a positive relationship between the Licensing Forum and the Licensing Board and that the Forum had a wide range of knowledge, interests, experience and skills, all of which were available to the Board to help them in developing and exercising their functions.

As a Forum, Mrs Cochrane felt members experience had grown over the past fourteen years and were now well on their way to carrying out their remit as set out in the 2005 Act. It was also heartening to have such a good working relationship with the Board.

She advised that the membership of the Forum had stayed the same but unfortunately due to Covid 19 the members had only managed to meet once in September 2021. At this meeting, the health partners advised that during the pandemic there had been a significant increase in alcohol referrals and a rise in alcohol deaths and they had distributed 100 digital devices to persons who use their services to help them access help. It was also noted that drug's deaths were also on the increase and she advised that it was hoped that a more detailed report on these issues would be provided to a future meeting of the Forum.

The Chairman advised that she had recently attended By Stander training along with the Licensing Standards Officer which had been provided by Police Scotland and helped premises staff deal with the vulnerabilities of people who had consumed too much alcohol and were posing a danger to themselves.

She also advised that the Forum had given their backing to the "Ask Angela" campaign where should a person on a night out feel unsafe, they could approach a member of the bar staff and "ask for Angela". This campaign has already been rolled out in a number of areas in Scotland.

She acknowledged how challenging the last 18 months had been for the hospitality sector and thanked the licensing staff of Angus Council and the Angus Licensing Board for the tremendous support and work that has been done during this difficult time to help the hospitality industry especially with the granting of outside drinking areas.

In conclusion, Mrs Cochrane wished the trade a successful year and hoped that the pandemic would pass soon and would not have a significant impact on the hospitality trade in Angus. She also thanked Forum members for their commitment and Angus Council for the administrative and financial support given to the Forum.

4. ANGUS LICENSING BOARD

On behalf of the Board, the Convener, Councillor Craig Fotheringham, expressed their appreciation for the opportunity to hold an annual joint meeting and indicated that it underpinned the mutual benefit of working together for the people of Angus. Both organisations strived constantly to encourage responsible drinking within the County and to work towards reducing anti-social behaviour.

He advised that there has been significant work carried out by the Licensing Team in terms of implementing the emergency COVID-19 legislation. The Licensing Team had worked to understand the effects this could have for the liquor trade in Angus and had produced extensive guidance notes placed on the Angus Council website. The Licensing Department had sought to be as pragmatic and as flexible as possible whilst working within the parameters of the legislation, to help the trade through this difficult time.

Councillor Fotheringham advised that since the last joint meeting of the Angus Licensing Board and Licensing Forum on 26 November 2020, the Angus Licensing Board had met by remote on ten occasions and during these meetings the Board had dealt with the following matters : -

- 2 new premises licence applications
- 7 provisional premises licence applications
- 33 requests to vary premises licences
- 0 reviews of premises licence
- 7 review of premises licences for non-payment of fees
- 1 matter pertaining to Personal Licences
- 0 Extended Hours applications
- 30 Occasional Licence applications (many of these had been for outside areas).

The following applications were also dealt with in accordance with the Scheme of Delegation, as at 23 November: -

- 353 Occasional Licence applications
 - 1 Extended Hours application
 - 82 Personal Licence applications
 - 76 Requests for minor variation or transfer
 - 7 Premises Licences Surrendered

As of 19 November 2021, there were 341 premises licences in-force: (down 8 from previous year)

- 99 on-sales
- 150 on/off sales
- 92 off sales

The Convener also advised that the standard of how premises were run in Angus remained high and he had been kept informed from the clerk, licensing staff and LSO in respect of the visits she undertook, and any issues that may arise from them. He also expressed his delight that the licensing trade continued to work together in a co-operative manner with our LSO and licensing team as a whole, making sure that standards are upheld and the five licensing objectives adhered to.

He concluded by thanking the clerk, committee officer, and Licensing Team, for whom it had been another extremely busy year, for their most willing support, guidance and advice. He also thanked the Board members for their wealth of knowledge, experience and wisdom which they constantly bring to all Licensing Board meetings. On behalf of the Board, he thanked Police Scotland, ECP and Building Standards Officers who frequently have to endure lengthy meetings and deliberations for their input advice and guidance which was much appreciated.

He wished the Licensing Forum every success in the year ahead and hoped to continue to attend future meetings.

5. UPDATE BY POLICE SCOTLAND

Inspector Mahbood Ahmad gave members an update on the work currently being undertaken by Police Scotland and thanked the licensing trade for their continued engagement with them especially in light of the recent pandemic. He advised that on visiting licenced premises the Police had been very impressed with the running of these premises during the pandemic and in some cases the newly formed outside drinking areas. He advised the police had been busy with the processing of occasional licences for these outside areas. It was noted that there had been no premises reviews during the last year.

The By Stander Training provided by Police Scotland had been well received and it was hoped to run further training sessions. Training sessions over Teams were also being provided for the "Ask for Angela" campaign which helped prevent sexual issues and protected vulnerable lone females. Posters were being put up in various premises in Angus advising about this campaign.

He advised that there were no major issues within Angus and early intervention regarding any troublesome licensed premises was found to be the best approach to help avoid further problems in the future.

The Chairman thanked Inspector Ahmad for his update.

6. CHIEF CONSTABLES REPORT TO ANGUS LICENSING BOARD

There was submitted and noted the Chief Constables Report to the Angus Licensing Board for the period 1 April 2020 to 31 March 2021.

7. ANNUAL FUNCTIONS REPORT – SECTION 9A OF THE LICENSING (S) ACT 2005

There was submitted and noted for information, Report No LB 41/21 by the Clerk advising of the new statutory requirement to produce an Annual Functions Report and presenting the fourth Annual Functions Report for the period 1 April 2020 to 31 March 2021 as detailed in Appendix 1 to the Report.

The Report indicated that on 20 December 2017, Section 56 of the Air Weapons and Licensing (Scotland) Act 2015 amended Section 9 of the Licensing (Scotland) Act 2005 and inserted a new Section 9A which obliged all Licensing Board to produce an Annual Functions Report no later than 3 months after the end of each financial year ending on 31 March.

The members noted the information provided.

8. TIMETABLE OF MEETINGS FOR 2022

It was agreed that the Forum meet on the following dates: -

Monday 28 February 2022

Monday 13 June 2022

Thursday 24 November 2022 (Joint meeting with Angus Licensing Board).
