Proposal: Advertisement of the following types : Advance Sign8No Free standing signs at various locations (2 designs)

Case Officer: James Wright

Customer Details

Name: John Davidson

Address: 98 Caesar Avenue Carnoustie

Comment Details

Commenter Type: Community Council

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The Community Council understands that it cannot formally object to this application. However, it views the size and scale of the signage as detrimental to the open green space; may cause a safety risk by interfering with sight lines at the crossing approach to the public car park at the seafront (black slab colloquially). We note that no comment has been raised from Roads and are puzzled by this.

The illuminated signs in front of the Rookery/Starters box may affect wild lifethe Habitats

Regulations: The Conservation (Natural habitats &c) Regulations 1994[7] would seem to apply here.
