## COMMUNITY COUNCIL MEETING

06/06/2023

### Sports day

We had a fantastic sports day last Friday. The sun was shining for us which made it even better! It was lovely having parents, families and friends into school before sports day for a picnic lunch. The children all showed fantastic sportsmanship towards one another.

### Reading Schools Award

After a lot of hard work and hundreds of books being read by both staff and children, we have now been awarded our Silver Reading Schools Award which we are so pleased about! There has been such a focus on reading for pleasure at Ferryden and we look forward to continuing our journey toward gold!

### Careers Fayre

We are having a careers fayre next session. If you would like to promote the career that you have with our children, please get in touch with the school office.

### Netball

The Netball team ended this session by winning the Port Authority Netball Festival Trophy. They played wonderfully and showed great sportsmanship! Our teacher versus pupils' netball match will be held in the next couple of weeks.

## Houses

Congratulations to Usan who were the winning house for the sports award . The house captains received the shield at our last assembly. The shield is off to be engraved and will sit proudly on the shelf in the office area.

The overall house winners for the year are Lunan. All of the children have worked so hard to gain points for their house across the year in lots of ways from competitions, to helping in the garden, to picking up litter and mainly by demonstrating our school values of kindness, success, positivity, being prepared and independence. Well done Lunan!

## Our Wildlife Garden

All pupils took part in a competition to redesign our Wildlife garden. They were all so fantastic that we couldn't choose a winner, so we decided to collate ideas and use the ones that most people had included.

Last week, we had a fantastic team of volunteers from Baker Hughes to help us with making it happen. The team brought prebuild planters, created a fence that doubles up as a planter, dug out a path (so we have fewer muddy areas in future), and managed to fill up our giant tyres by shovelling tonnes of soil.

We then had several classes work hard to fill the planters with all the plants we have been growing in the last few months. Every class in one shape or form has been working on this project and it has been amazing to see how dedicated and hardworking our young people are.

All classes will have opportunities in future to enjoy the area and keep shaping the area further: there is still work to be done. Many hands make light work! Please join our garden club if you like to be involved.

## Church Service

Our Summer Church Service will take place on the 27<sup>th</sup> of June at 10am.
