2. **ANGUS HEALTH AND SOCIAL CARE PARTNERSHIP ANNUAL PERFORMANCE REPORT**

With reference to Article 12 of the minute of meeting of this Committee of 27 October 2022, there was submitted Report No 215/23 by the Chief Officer providing an update to the Committee on the effect of activity on performance during 2022/23.

The Report built on previous performance reports presented to the Scrutiny and Audit Committee and demonstrated the impact of some of the improvements being made across the Health and Social Care Partnership and how progress was being made towards delivering the vision, strategic shifts and planned improved outcomes for the people of Angus.

John Cooper, Head of Community Health and Care Services provided an overview of the key areas of the Report and highlighted the approaches that supported individuals to live longer and healthier lives and that the focus for the Health & Social Care Partnership was on health improvement and disease prevention including addressing health inequalities; building capacity within our communities; supporting carers and supporting the self-management of long term conditions.

Councillor Speed raised questions around transitioning adults, respite for unpaid carers and the increasing numbers associated with unmet need. Mr Cooper advised that a Short Life Working Group had been established to look at the increasing numbers in relation to unmet need and would provide a further update in due course. In relation to transitioning adults this would be discussed further and also brought back in due course.

The Committee agreed, having reviewed the Report, to note the current Angus Health and Social Care Partnership Annual Performance Report 2022/2023.

3. **2022/23 UNAUDITED ANNUAL ACCOUNTS**

There was submitted Report No 216/23 by the Director of Finance presenting the Council's 2022/23 Unaudited Accounts, which as required by law had been submitted to the Controller of Audit for audit purposes.

The Report indicated that the Annual Accounts were prepared on a draft basis and submitted to the External Auditor appointed by the Controller of Audit for independent review within the statutory timeframe of 30 September and thereafter published on the Council's website no later than 31 October 2023.

The Director highlighted that the Usable Reserves total was £81.170 million and the Uncommitted General Fund Reserve £2.522 million as reported in the unaudited accounts. However, the Usable Reserves had reduced by £1.007 million as outlined in Report 189/23 due to the late creditors that were subsequently reflected in concluding the 2022/23 unaudited annual accounts totalling £1.002 million plus a correction of £0.005 million identified in the Renewal & Repairs Fund. The Uncommitted General Fund reserve had reduced by £1.002 million for the late creditor adjustment, however, this may not be the final position and may change on completion of the audit process.

The Service Leader – Finance provided a detailed commentary in respect of a number of key areas of the Report including reserves, income and expenditure, balance sheet and cash flow statements as of 31 March 2023.

Following a number of questions from members the Committee agreed, having reviewed the report, to note the Angus Council 2022/22 Unaudited Annual Accounts.

The Report indicated that the final Annual Governance Statement required to reflect the governance arrangements of the "Group" which, for the year to 31 March 2023, included Tayside Valuation Joint Board (TVJB), Tayside Contracts, Angus Alive and Angus Health and Social Care Partnership, noting that assurances had not been received at the time when Report 180/23 was written.

6. TREASURY MANAGEMENT ANNUAL REPORT 2022/23

With reference to Article 8 of the minute of meeting of Angus Council of 15 December 2022, there was submitted Report No 219/23 by the Director of Finance detailing the Council's treasury management arrangements, activity and performance during 2022/23.

The Report indicated that the financial year 2022/23 had seen significant events that impacted on treasury operations related to the Economy and Interest Rates. As a result, Angus Council continued to hold higher temporary cash balances in 2022/23 which was due mainly to additional grants received from Scottish Government and increased levels of slippage of a number of projects within the capital programme. In a bid to combat inflationary pressures within the economy the Bank of England implemented a series of increases to the Bank Base Rate, which rose from 0.75% in April 2022 to 4.25% in March 2023. Investment returns followed this upward trend which allowed the Council to benefit from improved returns as investments matured and surplus cash was re-invested. The full benefit of those higher returns would not be realised until these new investments matured in the 2023/24 financial year.

The Director of Finance provided a brief overview of the Report and also highlighted the significant events that had impacted on treasury operations during 2022/23.

The Committee agreed:-

- (i) to note the 2022/23 Treasury Management Annual Report and associated Appendix to the Report, and

The Report detailed the timetable for individual risk presentations, based on the Corporate Risk Register as of 9 May 2023.

The Director of Finance was heard on the financial sustainability of the council, the funding available and the challenges to the council around the statutory framework. He highlighted the scoring and the need for this along with the positive developments which may ease some of the pressure on the Council. The Verity House Agreement was now in the public domain and it contained a number of commitments, principles and aspirations and it was hoped that through the 2024/25 budget the council would begin to see the impact of the Agreement.

The Committee agreed: -

- (i) to note the information presented in relation to the Financial Sustainability Risk; and
- (ii) to confirm the programme for the remainder of 2023/24 as outlined in Section 3 of the Report.

The Report indicated that Angus Council was a public authority for the purpose of the Regulation of Investigatory Powers (Scotland) Act 2000 (“RIP(S)A”) and had the power to authorise directed covert surveillance and the use of covert human intelligence sources. Covert activities covered by RIP(S)A would be lawful if the activities were authorised and if they were conducted in accordance with the authorisation.

In the period 1 April 2022 to 30 June 2023, no covert surveillance activities were authorised and there were no authorisations in respect of the use of a Covert Human Intelligence Source.

The Director of Legal and Democratic Services provided a brief overview of the Report.

The Report provided the complaint statistics for the fourth quarter of 2022/23. Appendices to the Report provided a breakdown of complaints received by directorate and service area.

During 1 January to 31 March 2022, Angus Council had received 78 complaints. The Report detailed the SPSO performance indicators and the council’s performance over the quarter and also outlined examples of compliments received and a sample of changes made as a result of a complaint being received.

The Report indicated that the Scottish Public Services Ombudsman (SPSO) was the responsible body for complaints, and also set and monitored complaints handling standards for the public sector in Scotland. The model Complaints Handling Procedure (MCHP) defined how the SPSO expected the public service sector to handle complaints quickly and simply, with local and early resolution by empowered and well-trained staff.

In 2022/23, Angus Council received a total of 357 complaints. The SPSO had a variety of indicators as a basis for monitoring complaints handling performance and these were outlined in Section 6 of the Report. Of the 357 complaints received 80 were upheld and 85 partially upheld, 106 were not upheld and 86 were resolved.

Following scrutiny, the Committee agreed to note the contents of the Report.
