

Why this petition matters

Appendix 1

Started by [Linsey Mackie](#)

Road at Balwyllo Farm cottages to be slowed down to 30mph and for the bus stop to be upgraded.

There have been several serious accidents over the last 12 months and regular dangerous driving. We feel this is necessary due to children, elderly and disabled people who live in the cottages.

Balwyllo farm junctions are busy with farm machinery turning and crossing and sometimes up to 50 cars attending football games on the pitch.
