

SPECIAL ANGUS COUNCIL

27 FEBRUARY 2025

REVIEW OF CHARGES WITHIN INFRASTRUCTURE AND ENVIRONMENT DIRECTORATE

REPORT BY GRAEME DAILLY, DIRECTOR OF INFRASTRUCTURE AND ENVIRONMENT
AND IAN LORIMER, DIRECTOR OF FINANCE

1. ABSTRACT

- 1.1 This report sets out proposals for the charges to be levied by service areas within the Infrastructure and Environment directorate for the financial year 2025/26.

2. ALIGNMENT TO THE COUNCIL PLAN

- 2.1 The proposals contained in this report align with the following Council Plan priority:

Efficient and Effective

Deliver our statutory obligations and core functions, tailored to suit our available resources and making best use of our data/performance.

3. RECOMMENDATIONS

- 3.1 It is recommended that the Council:

- i) Notes that this report has been prepared on the basis that the percentage increases for charges have, in the main, been applied at a rate of 5%;
- ii) Approves the pricing structures as contained within Appendix 1; and
- iii) Agrees that the charges are effective from 1 April 2025, or the start of any seasonal operations.

4. BACKGROUND

- 4.1 The charges covered by this report are reviewed annually by the Infrastructure and Environment Directorate and all amendments to charges are reported to Members on an annual basis as part of the budget setting process. The last annual review of charges was reported to Angus Council on 29 February 2024 ([Report 52/24](#) refers).
- 4.2 The review of charges for 2025/26 has been carried out as part of the budget setting process and it is proposed that the percentage increase be standardised in the main across the council to 5%, before accounting for VAT, where applicable. The charging structure attached in the Appendix 1, has been prepared on the basis of this percentage increase, rounded up to the nearest 10p.
- 4.3 The charges for commercial waste collection services were agreed by Communities Committee on 21 January 2025 (see [Report 14/25](#)) for breakdown of charges and therefore are not included in Appendix 1.
- 4.4 The schedule of charges for Arbroath Harbour are subject to a higher percentage increase in charges, which reflects the substantial investment needed in the coming years to maintain the Harbour and ensure its long-term sustainability. The proposed charges for 2025/2026 were shared with the Arbroath Harbour Joint Consultative Committee at the meeting of the Committee on 13 December 2024 (as noted by the Communities Committee on 21 January 2025. See [Item 3b](#)).

- 4.5 Following a review of charges associated with statutory duties provided by the Roads & Transportation service, including benchmarking with other local authorities, significant increases in charges are proposed as outlined in Appendix 1.

5. PROPOSALS

- 5.1 The proposals summarised in the tables in the attached appendix would come into force on 1 April 2025 or at commencement of any seasonal operation.

6. FINANCIAL IMPLICATIONS

- 6.1 It is estimated that the increased charges for Infrastructure and Environment, as detailed in Appendix 1 and [Report 14/25](#), will generate additional income of approximately £298,000.

7. RISK MANAGEMENT

- 7.1 Corporate Risk Register

- Financial Sustainability
- Transforming for the Future

- 7.2 Directorate Risk Register

- Delivery of directorate priorities

8. ENVIRONMENTAL IMPLICATIONS

- 8.1 There are no direct environmental impact implications arising from the recommendations of this report.

9. EQUALITY IMPACT ASSESSMENT, HUMAN RIGHTS AND FAIRER SCOTLAND DUTY

- 9.1 A screening assessment has been undertaken and a full Equality Impact Assessment is not required for the setting of commercial waste charges for the following reason:

It is a percentage increase in fees which has no differential impact on protected characteristics.

10. CHILDREN'S RIGHTS AND WELLBEING IMPACT ASSESSMENT

- 10.1 A Children's Rights and Wellbeing Impact Assessment has been undertaken and a full assessment is not required as the "General Principles" do not apply to this proposal.

11. CONSULTATION

- 11.1 The Chief Executive and the Acting Director of Legal, Governance & Change have been consulted on this report.

NOTE: No background papers, as detailed by Section 50D of the Local Government (Scotland) Act 1973 (other than any containing confidential or exempt information) were relied on to a material extent in preparing the above report are:
