Dear Cllr Stewart,

Re: Submission of Petition on Traffic Concerns in Baltic Street, Mill Street, Mount Road, and Rosehill

I am writing to present a petition on behalf of the residents of Baltic Street, Mill Street, Mount Road, and Rosehill, highlighting our shared concerns about traffic issues in the area. We are seeking your support in addressing these matters through Angus Council.

The petition reflects growing frustration among residents about the frequent use of our roads as a shortcut by speeding cars, large articulated vehicles, and agricultural machinery travelling to and from the docks and the industrial estate. These issues pose significant safety risks to our community, particularly vulnerable pedestrians, and have led to an increase in noise, road deterioration, and general disruption to the quality of life in our neighbourhood.

We urge you to bring this matter to the Council's attention and advocate for measures such as:

- Implementing traffic-calming solutions to curb speeding.
- Restricting access for heavy and oversized vehicles on residential streets.
- Exploring alternative routes to divert industrial and agricultural traffic away from the

area.

The community is united in its call for meaningful action to address these challenges, and we trust in your commitment to represent our concerns. Your assistance in championing this issue would be greatly appreciated.

Should you require further details or wish to discuss this matter, I would be happy to provide additional information or facilitate communication with the affected residents.

Thank you for your consideration.

Yours sincerely,

Steven Morrison

On behalf of the residents of Baltic Street, Mill Street, Mount Road, and Rosehill

## Petition to Angus Council

We, the undersigned, call on Angus Council to urgently address the excessive use of Baltic Street, Mill Street, Mount Road, and Rosehill Montrose by large vehicles as a shortcut between the docks and the industrial estate.

This has created safety hazards, excessive noise, and infrastructure wear in our community. Additionally, we raise serious concerns about the persistent speeding of cars and vans along these roads, endangering residents and road users alike.

We request the Council to take immediate action, including implementing traffic-calming measures, enforcing speed limits, and considering restrictions on heavy vehicle access on these residential roads.

The safety, quality of life, and well-being of local residents must be prioritised.

Your prompt attention to this matter is greatly appreciated.

## COMMENTS :-

- Everyone very supportive of traffic calming bollards / speed bumps
- Everyone very concerned re speeds + noise (plus potholes!)
- Two respondents spoke of accidents due to speeding - one person injured.
- Incidents of walls bumped into on cars - due to high speeds
- One wing mirror taken clean off parked car by speeding car.
- Rosehill / Mant Rd worst for speeding
  - ? speed bumps at Old Cemetery
  - ? cardboard policemen further along
- 20mph signs - TOO SMALL
  - ? 20mph painted on the road.
  - ? small roundabout at Downard Rd cross roads

Please return this to me by the most convenient way that suits you, and I will gather to present to the council.

**Noise and Pollution:** The constant flow of heavy traffic causes noise and worsening air quality in our community.

### **My Efforts to Address the Issue:**

I have already raised these concerns with **Angus Council**, hoping they would take action to address the problem. Unfortunately, despite my efforts, there has been little response or meaningful action from the council. Given the lack of progress, I believe it is crucial that we, as a community, come together to advocate for change.

### **What We Can Do Together:**

I'm reaching out to ask for your support in addressing these issues. With a collective voice, we can push for the following solutions:

- **Traffic Calming Measures:** Speed bumps, rumble strips, or other traffic calming measures to slow down speeding vehicles.
- **Truck Restrictions:** Requesting that heavy trucks be banned (except for access) from using these residential streets or rerouted to more appropriate roads.

### **How You Can Help:**

- **Sign the Petition:** I am starting a petition to request that the council take immediate action to resolve this issue. Your signature and support will be invaluable in showing the council the level of concern from our neighbourhood.
- **Contact the Councillors:** Please consider emailing our local councillors to express your concerns and ask them to take action. Here are the councillors you can contact:

**Petition for Traffic Control Measures on Baltic Street, Mill Street, Mount Road, and Rosehill**

I, the undersigned, resident of [Your Street Name], call on **Angus Council** to take immediate action to address the safety concerns caused by heavy truck traffic and speeding vehicles in our neighbourhood. We request the following:

1. **Implementation of traffic-calming measures** such as speed bumps or rumble strips to reduce speeding.
2. **Weight restrictions or truck bans** (except for access) on Baltic Street, Mill Street, Mount Road, and Rosehill.

noise and pollution, and  
pollution and worsening air quality in our community.

### **My Efforts to Address the Issue:**

I have already raised these concerns with **Angus Council**, hoping they would take action to address the problem. Unfortunately, despite my efforts, there has been little response or meaningful action from the council. Given the lack of progress, I believe it is crucial that we, as a community, come together to advocate for change.

### **What We Can Do Together:**

I'm reaching out to ask for your support in addressing these issues. With a collective voice, we can push for the following solutions:

- **Traffic Calming Measures:** Speed bumps, rumble strips, or other traffic calming measures to slow down speeding vehicles.
- **Truck Restrictions:** Requesting that heavy trucks be banned (except for access) from using these residential streets or rerouted to more appropriate roads.
