Community update

Community council action plan meeting was on 27 January and next meeting is on 5 March in Angus House.

CC are wondering what has happened with Community Development Conference feedback /evaluation and Angus Rural Partnership.

Consultation is with the statutory body and other community involvement comes to Community Development Trust (CDT).

Action:

Hong = why is the first port of call is the development trust not community council, and need clear communication lines and how we can do that?

Hong = How can we talk to Carnoustie Community Development Trust?

Hong & Natalie = How we find out what comes from the Community development conference – Hong and Angus Voluntary Action.

CC - Community council expressed unhappiness in date of organisation for group of CC meeting .
